

## Fountain| Elevation

10' Tall bronze sculpture

1'6" Tall pedestal

20' Ground floor  
ceiling height

At highest point,  
sculpture sits 11'6"  
above sidewalk

- The sculpture will be situated on a cement pedestal that is coherent with the other streetscape elements. The pedestal will add about 2' to the height of the piece,. A walkway and landscaping have also been added to create a park setting. .
