

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SUNNYVALE AMENDING THE PRECISE ZONING PLAN, ZONING DISTRICTS MAP TO REZONE THOSE CERTAIN PROPERTIES WITHIN THE SEVEN GENERAL PLAN VILLAGE CENTERS THROUGHOUT THE CITY FROM NEIGHBORHOOD BUSINESS (C-1), NEIGHBORHOOD BUSINESS/PLANNED DEVELOPMENT (C-1/PD), HIGHWAY BUSINESS/PLANNED DEVELOPMENT (C-2/PD), OFFICE (O), OR OFFICE/PLANNED DEVELOPMENT (O/PD) ALL TO VILLAGE CENTER MASTER PLAN (VCMP), AND MORE SPECIFICALLY, TO VILLAGE CENTER MIXED USE (VCMU), VILLAGE CENTER COMMERCIAL (VCC) OR VILLAGE CENTER OFFICE (VCO) AS IDENTIFIED IN THE VCMP; TO REZONE THE PROPERTY AT 1388-1390 BREMERTON DRIVE FROM C-1 TO LOW MEDIUM DENSITY RESIDENTIAL/PLANNED DEVELOPMENT (R-2/PD), THE PROPERTIES AT 206 AND 216 EAST ARBOR AVENUE FROM C-1/PD TO MEDIUM DENSITY RESIDENTIAL/PLANNED DEVELOPMENT (R-3/PD), AND THE PROPERTY AT APN 110-23-104 FROM C-1/PD TO PUBLIC FACILITIES (P-F); AND AMENDING TITLE 19 (ZONING) OF THE SUNNYVALE MUNICIPAL CODE TO IMPLEMENT THE VILLAGE CENTER MASTER PLAN

THE CITY COUNCIL OF THE CITY OF SUNNYVALE FINDS AND DECLARES AS FOLLOWS:

WHEREAS, in 2017, the City Council certified the Land Use and Transportation Element Environmental Impact Report (EIR), made required findings under the California Environmental Quality Act (CEQA), and adopted the Land Use and Transportation Element of the General Plan;

WHEREAS, the adopted Land Use and Transportation Element identified seven areas throughout the city as future Village Centers; and

WHEREAS, most Village Center areas had existing commercial, and all Village Center sites were planned to be residential/commercial mixed-use under the new Village Mixed Use land use designation, with new residential density averaging 18 dwelling units per acre across all Village Centers; and

WHEREAS, soon after the City amended its General Plan to create Village Centers, the State legislature passed and the Governor signed a series of laws that limited local planning discretion and decision making over land use involving housing projects, and developers have

utilized these laws to advance all-residential projects on sites with existing neighborhood retail that the City had planned as mixed-use sites in order to preserve existing and promote new retail and other commercial uses alongside substantial new housing development, for a balanced community with amenities and conveniences; and

WHEREAS, following State law, the City has had to waive retail preservation and mixed-use requirements in the General Plan and Zoning in considering applications for housing projects, and has lost a significant amount of pre-existing commercial uses, undermining the City's vision and plan for Village Centers; and

WHEREAS, the City prepared the proposed Village Center Master Plan to establish zoning standards for the new zoning districts that conform to the General Plan land use designation for Village Centers (originally called "Village Mixed Use," now proposed as "Village Center Master Plan" or "VCMP") and to implement Village Centers as contemplated by the General Plan; and

WHEREAS, to assure that Village Centers will be able to develop as mixed-use neighborhoods, the City intends, through the Village Center Master Plan, to plan and zone some sites as commercial/retail or office only and other sites as residential/commercial mixed-use with increased residential density so that the planned residential density across all Village Centers remains an average of 18 dwelling units per acre, with no net loss in planned and allowed residential units, while enhancing the likelihood of commercial and retail uses; and

WHEREAS, the modifications to Village Center sites, including the proposed rezoning actions, is consistent with Government Code Section 66300(h)(1) which allows "changing a land use designation or zoning ordinance to a less intensive use, or reducing the intensity of land use, if the city or county concurrently changes the development standards, policies, and conditions applicable to other parcels within the jurisdiction to ensure that there is no net loss in residential capacity"; and

WHEREAS, the City Council made findings that the proposed modifications to Village Center sites, which include the proposed rezoning actions and code amendments through this ordinance, will result in no net loss of residential capacity (SB 330) and no net loss of residential capacity to accommodate the City's Regional Housing Needs Allocation (RHNA) by income category; and

WHEREAS, an addendum to the previously certified Land Use and Transportation Element EIR was prepared to evaluate the proposed changes to Village Centers and document that none of the conditions requiring preparation of a subsequent EIR or negative declaration have occurred; and

WHEREAS, the Planning Commission considered the proposed ordinance, together with the related General Plan amendments and Village Center Master Plan, at a duly noticed hearing held on date , and has recommended approval; and

WHEREAS, the City Council held a public hearing on _____ date _____, and considered the reports and documents on the proposed amendments presented by City staff, the Planning Commission's recommendation, and the written and oral comments presented at the public hearing.

THE CITY COUNCIL OF THE CITY OF SUNNYVALE DOES ORDAIN AS FOLLOWS:

SECTION 1. AMENDMENT OF PRECISE ZONING PLAN – VILLAGE CENTER MASTER PLAN DISTRICT. The Precise Zoning Plan, Zoning Districts Map, City of Sunnyvale (Section 19.16.050 of the Sunnyvale Municipal Code) is hereby amended to re-zone certain properties within the Village Center Master Plan District, which properties are currently zoned Neighborhood Business (C-1), Neighborhood Business/Planned Development (C-1/PD), Highway Business/Planned Development (C-2/PD), Office (O) or Office/Planned Development (O/PD), to Village Center Master Plan (VCMP), and more specifically, one of the VCMP implementing districts, Village Center Mixed Use (VCMU), Village Center Commercial (VCC) or Village Center Office (VCO) as identified in the VCMP. The locations of the properties and the VCMP implementing zoning district applicable to each property are shown on the scale drawings and tables attached as Exhibit A attached hereto and incorporated by reference.

SECTION 16. Findings of No Net Loss of Residential Capacity (SB 330). Under the preexisting General Plan Village Mixed Use land use designation, sites within the Village Centers were contemplated and planned to allow for residential and commercial mixed use, with an average density across Village Centers of 18 dwelling units per acre (du/ac). The land use designation of all sites that will remain in the Village Centers are being changed through the accompanying resolution to the new designation of Village Center Master Plan, with the allowed uses and densities of each site determined in the Village Center Master Plan and this rezoning ordinance, with some sites to be zoned commercial only and other sites to be zoned residential mixed use but with increased allowed residential density (up to 56 du/ac). The combination of these concurrent changes results in the overall residential density within Village Centers to remain at an average of 18 du/ac, with no net loss in residential capacity in the Village Centers and among all affected sites. Therefore, as shown in Exhibit C attached hereto and incorporated herein, the modifications to the General Plan land use designation and rezoning of sites within the Village Centers and all affected sites will result in no net loss and are allowed pursuant to Government Code Section 66300(h)(1).

SECTION 17. Findings of No Net Loss of Residential Capacity to Accommodate the RHNA by Income Category (Government Code section 65863; Housing Element Site Inventory). In the City's certified Housing Element, all Village Center sites in the Housing Element Site Inventory are indicated as having a maximum residential capacity of 18 du/ac and a realistic

residential development potential of 80% of 18 du/ac (or 14.4 du/ac). All Village Center sites in the Site Inventory are categorized as moderate income. Some sites will be changed through the General Plan amendments, Village Center Master Plan and rezoning ordinance to be non-residential, but the other sites that will remain mixed use will be modified to increase residential density up to 56 du/ac. Further, the Village Center Master Plan will increase the minimum required density to 85% of the maximum density for sites designated Village Center Master Plan or VCMP. These mixed-use sites will remain in the moderate-income category in the Site Inventory. Through these concurrent changes to sites in the Site Inventory, the residential capacity in the moderate-income will be increased by 173 units, which continues to meet the Regional Housing Needs Assessment (RHNA) for the moderate-income category, and there are no changes to Site Inventory sites at the other income categories. In sum, these modifications (including the General Plan Amendments and related zoning actions) do not decrease RHNA capacity at any income level and therefore do not impact RHNA compliance, as shown in further detail in Exhibit D, attached hereto and incorporated herein.

SECTION 18. CEQA—ADDENDUM TO PREVIOUSLY CERTIFIED EIR. An addendum to the previously certified Land Use and Transportation Element EIR (the “Addendum”) was prepared for the proposed project. The Addendum, together with the EIR, was presented to, independently reviewed and considered by the City Council at its regularly scheduled meeting of _____ date _____, 2025. The Addendum was prepared in compliance with the requirements of CEQA and the CEQA Guidelines (collectively, “CEQA”) and is adequate for the City’s use as the lead agency under CEQA. Based on the evidence submitted and demonstrated by the analysis included in the Addendum, incorporated herein by reference, none of the conditions in Section 15162 or 15163 of the CEQA Guidelines calling for preparation of a subsequent or supplemental EIR have occurred. The City Council incorporates by this reference the findings contained in the Addendum as to the environmental effects of the proposed amendments.

SECTION 19. EFFECTIVE DATE. This ordinance shall be in full force and effect thirty (30) days from and after the date of its adoption.

SECTION 20. PUBLICATION. The City Clerk is directed to cause copies of this ordinance to be posted in three (3) prominent places in the City of Sunnyvale and to cause publication once in The Sun, the official newspaper for publication of legal notices of the City of Sunnyvale, of a notice setting forth the date of adoption, the title of this ordinance, and a list of places where copies of this ordinance are posted, within fifteen (15) days after adoption of this ordinance.

* = Shopping center with a proposed VCMP zoning boundary line that results in split-zoned properties and where one parcel in the shopping center:

1) Was identified as a "Future Opportunity Site" (assumed no net increase in housing units) in the Housing Element Residential Sites Inventory; and,

2) Now has a proposed zoning district of VCMU (assumed net increase in housing units) under the VCMP.

The acreage for the shopping center does not include the acreage of the future opporutnity site.

** = Sites being removed from the Housing Element Residential Sites Inventory; residential capacity is accounted for on other parcels in the same Village Center site or neighborhood.
