Community Input Recap Online Survey #1

Held January 19 through
February 2, 2022

- **160 Responses**
- **8 Hours of Public Comment**

The screenshot displays the 'Lakewood Park Survey #1' on the Sunnyvale OpenGov platform. The survey title is 'Share your vision for the Lakewood Park renovation.' The deadline is noted as 'The deadline is near'. The survey is divided into sections: 'Introduction', 'Feedback', and 'Your Response'. The 'Feedback' section includes questions about what users like most and least about Lakewood Park, and why they visit. The 'Your Response' section contains several ranking and selection questions. The first question asks for the top 5 facilities used most within the existing park, with options like Sand volleyball court, Basketball courts, Skate park, and Gazebo. The second question asks for the top 5 new facilities needed, with options like Other, Bocce, Dog park, Bag toss/cornhole, Walking paths, Batting cages, Table tennis, Chess/checkers tables, Additional restrooms, and Event space. The third question asks how important adding Wi-Fi access is, with options from Very important to Not at all important. The fourth question asks what features users want to keep at Lakewood Park. The fifth question asks what users would add if they could only add one thing. The sixth question asks for additional comments regarding Lakewood Park. The survey concludes with a 'Check out our guidelines for civility' link and a note that fields marked with an asterisk are required. Navigation buttons for 'Back to Intro' and 'Submit' are visible at the bottom.
