Hi- I cant make the public meeting so I wanted to make a comment via email. Will gun/firearms stores be allowed in the zoning for the ECR Specific Plan? My family and I are very concerned about gun violence. We already have one firearms store just off of ECR (on Mary) that is very near our house. There is also another firearms store just down ECR. Can you let me know if gun stores are included in the zoning? If they are, then our family opposes the ECR Specific Plan. Could you please include my comment in the record, since I am unable to make it to the public meeting?

Thank you,
