RE: Request for Support for FY27 Community Project Funding, City of Sunnyvale - Iris Avenue Safe Routes to School

Dear Senator Padilla, Senator Schiff, and Representative Khanna,

On behalf of the City of Sunnyvale, I am writing to express my support for the City of Sunnyvale's Iris Avenue Safe Routes to School project.

This project will make major infrastructure improvements to Iris Avenue, a two-lane residential collector street. By constructing intersection corner bulb-outs, ADA-compliant curb ramps, and stormwater landscape improvements, the project will make the roadway safer for pedestrians, cyclists, and drivers alike. With two elementary schools and two neighborhood parks accessed via Iris Avenue, these improvements will be critical in reducing vehicle speeds in areas with high pedestrian and cyclist activity and improve the area to ensure sidewalks and crossings remain clear and safe during rainy weather. The project aligns with numerous local, state, and federal policies and initiatives and will deliver significant health, safety, and environmental benefits.

The Honorable Alex Padilla, US Senate

The Honorable Adam Schiff, US Senate

The Honorable Ro Khanna, US House of Representatives

March 2, 2026

I am pleased to support this project and urge you to provide favorable consideration of this funding request.

Sincerely,

MTC submits this letter of support for the City of Sunnyvale's request for Congressionally Directed Spending/Community Project Funding for the Iris Avenue Safe Routes to School project. Iris Avenue is a community connector providing access to elementary schools and nearby parks. The project will make key crossings safer and more welcoming for all users and will include safety and traffic-calming measures to address high-priority needs identified in the City's Active Transportation Plan.

This project is consistent with and supports the implementation of Plan Bay Area 2050. Further, MTC confirms the project can be added to the regional Transportation Improvement Program (TIP) within a reasonable amount of time after award.

If you have any questions regarding our support for this project, please contact me at (415) 778-6772 or Mark Dedrick, MTC's Washington Representative, at (202) 494-3618.

Sincerely,

Theresa Romell
Section Director, Funding Policy and Programs
