NCPA will assist the lead agency in evaluating proposals. Recommendations for contract awards will be based on multiple factors, each factor being assigned a point value based on its importance.

◆ Formation of Contract

- ▶ A response to this solicitation is an offer to contract with Region 14 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a contract until it is accepted by Region 14 ESC. The prospective vendor must submit a signed Signature Form with the response thus, eliminating the need for a formal signing process. Contract award letter issued by Region 14 ESC is the counter-signature document establishing acceptance of the contract.

◆ NCPA Administrative Agreement

- ▶ The vendor will be required to enter and execute the National Cooperative Purchasing Alliance Administration Agreement with NCPA upon award with Region 14 ESC. The agreement establishes the requirements of the vendor with respect to a nationwide contract effort.

- ▶ Region 14 ESC may request additional information or clarification from any of the respondents after review of the proposals received for the sole purpose of elimination minor irregularities, informalities, or apparent clerical mistakes in the proposal. Clarification does not give respondent an opportunity to revise or modify its proposal, except to the extent that correction of apparent clerical mistakes results in a revision. After the initial receipt of proposals, Region 14 ESC reserves the right to conduct discussions with those respondent's whose proposals are determined to be reasonably susceptible of being selected for award. Discussions occur when oral or written communications between Region 14 ESC and respondents are conducted for the purpose clarifications involving information essential for determining the acceptability of a proposal or that provides respondent an opportunity to revise or modify its proposal. not assist respondent bring its proposal up to the level of other proposals through discussions. Region 14 ESC will not indicate to respondent a cost or price that it must meet to neither obtain further consideration nor will it provide any information about other respondents' proposals or prices.

Currently sub-tops are constructed from engineered Russian plywood, which have incurred tremendous price increases over the past few years. Future meeting table sub-tops will be constructed from MDF (medium density fiberboard) which will lower costs as well as maintain the structure of the tables, just as the current engineered Russian plywood.
2. Arcadia Chair Company is also in the early stages of changing a number of our seating solutions from the use of wood interior structure to metal interior structure. This changes will increase the unit's recyclability content for a friendlier environmental solution.

In addition, Contractor agrees to comply with any implementing requirements FTA may issue that are flowed to Contractor from Awarding Participating Agency.

- 3) Solicitations for Subcontracts, Including Procurements of Materials and Equipment. In all solicitations, either by competitive bidding or negotiation, made by Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by Contractor of Contractor's obligations under this Contract and the regulations relative to non-discrimination on the grounds of race, color, creed, sex, disability, age or national origin.

Contractor agrees to include the requirements of this clause in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

DISADVANTAGED BUSINESS PARTICIPATION

This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, "*Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs*", therefore, it is the policy of the Department of Transportation (DOT) to ensure that Disadvantaged Business Enterprises (DBEs), as defined in 49 CFR Part 26, have an equal opportunity to receive and participate in the performance of DOT-assisted contracts.

1) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

2) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of public agency.

3) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS

Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plans issued under the Energy Policy and Conservation Act, as amended, 42 U.S.C. Sections 6321 *et seq.* and 41 CFR Part 301-10.

FEDERAL CHANGES

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, listed directly or by reference in the Contract between Public Agency and the FTA, and those applicable regulatory and procedural updates that are communicated to Contractor by Public Agency, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this Contract.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The provisions include, in part, certain Standard Terms and Conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth in the preceding Contract provisions. All contractual provisions required by the DOT and applicable to the scope of a particular Contract awarded to Contractor by a Public Agency as a result of solicitation, as set forth in the most current FTA Circular 4220.1F, published February 8th, 2016, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. Contractor agrees not to knowingly perform any act, knowingly fail to perform any act, or refuse to comply with any reasonable public agency requests that would directly cause public agency to be in violation of the FTA terms and conditions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS

Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, apply to its actions pertaining to this Contract. Upon execution of the underlying Contract, Contractor certifies or affirms, to the best of its knowledge, the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying Contract or the FTA assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the

ENVIRONMENTAL PRACTICES

As a matter of corporate philosophy, Arcadia and Encore are committed to intelligent environmental policies and practices. Standard recycling procedures and ecologically sensible policies and practices have been implemented throughout all aspects of our operations, as well as facilities, and as it relates to new product development and project management. Furthermore, we insist on a similar operational philosophy from our vendor-partners.

In accordance with our ongoing efforts to develop and manufacture products that positively contribute to healthy environments, we have completed testing for Indoor Air Quality certification across several product categories, achieving SCS Indoor Advantage Gold (highest certification available for Indoor Air Quality) for the majority of our products.

With SCS Indoor Advantage Gold certification, we not only meet the criteria of BIFMA M-7.1 and X-7.1 (low-emitting office furniture systems and seating) but also the LEED-Commercial Interiors EQ 4.5 credit for Indoor Air Quality of office furniture.

We will continue to strive towards certification for all our products, in addition to making sustainable improvements in all areas of business. A representative example of other in-force measures we employ to support intelligent environmental policies include:

- Ensure product life-cycle longevity and non-obsolescence via the design, engineering, and manufacturing processes and subsequent product refurbishment and re-use potential.
- Design products, and/or re-engineer existing products, to maximize the use and or re-use of recycled and/or recyclable components and sub-parts.
- Utilize raw materials (such as wood products) only from renewable, sustainable sources.
- Design and implement optimized manufacturing efficiencies so as to reduce scrap waste throughout production sequences.
- Minimize the generation, emission or discharge of waste and harmful or regulated substances and pollutants from manufacturing operations commensurate with current government codes, laws and/or industry regulations.
- Specify, and utilize engineered pre-cut foam, which eliminates virtually all on-site scrap foam waste.
- Increase the use of recyclable materials as appropriate for all general office, marketing, manufacturing, and shipping applications.

- Eliminate use of any non-recyclable packaging materials as well as utilize alternative shipping methods such as 'blanket wrapped delivery'.
- Utilize remnant 'COM' materials previously destined to landfills as interior spring-to-foam barrier cloth on upholstered goods.
- Contract for the external reuse of scrap woodchip materials and sawdust which are recycled and used for the following: soil enhancement in nurseries, MDF particle board manufacturing and fueling co-generation factories which simultaneously generate both electricity and useful heat.
- Contract for the external use of scrap leather cutting remnants.
- Minimize the generation of, recycle, and/or ensure the proper disposal of all office generated waste materials.
- Donate outdated product marketing and collateral materials to college and university design programs for educational purposes.

We engage all our employees in these processes and encourage new ideas at every turn. Together, we remain committed to protecting the environment and will continue to pursue effective means for securing a brighter, and healthier future, for all.

Re: Arcadia Chair Company Tariff Notification & Cost Jurisdiction
Contract # 07-78

Dear George:

Arcadia Chair Company has been greatly impacted on the tariffs from our imported goods overseas suppliers. We have done our best to absorb these costs, however we are unable to sustain the increases alone. With this said, Arcadia Chair Company respectfully requests a 4.5% tariff surcharge added to Arcadia' & Encore's current June 1, 2024 pricelists. The 4.5% tariff surcharge will be calculated based on the net price of each OMNIA Contact order, and will be shown as a separate line item on Arcadia | Encore acknowledgements. This surcharge went into effect April 1, 2025 on all Arcadia | Encore commercial orders, however the tariff surcharge will not go into effect on OMNIA Contract orders until we receive written approval from OMNIA. Arcadia Chair Company will also be monitoring this tariff situation very closely and will eliminate the surcharge as soon as possible. Arcadia Chair Company will provide OMNIA written notification once the tariff surcharge has been eliminated.

To further support this request, enclosed are copies of numerous tariff notifications Arcadia Chair Company has received from our suppliers.

Thank you for your support and please reach out to Pamela Angeles at pam@arcadiacontact.com or myself at kimp@arcadiacontract.com with any questions or need for additional information.

Sincerely,

Kimberlee Pichler – Girard

Re: Notification of Price Adjustment Due to U.S. Tariff Announcement

Dear Valued Partner,
Yesterday, March 3, 2025, President Donald Trump confirmed the imposition of an additional 10% tariff on imports from China, effective March 4, 2025. In addition, he confirmed a 25% tariff on all products imported from both Mexico and Canada, also effective March 4, 2025.

Because of Byrne's long-term commitment to local manufacturing, we've been able to minimize the impact of recent tariff increases to our customers as much as possible. And, as promised, we'll continue to do all we can to maintain this minimal impact. The majority of our supply chain partners are domestic, and we take pride in the fact that 85% of what we make is made here in the U.S. But we wouldn't be here, building things in West Michigan today, without the support of our global partnerships too.

These most recent changes to U.S. trade policy have directly impacted the cost of materials essential to our products. And, as such, we're writing to inform you of upcoming adjustments to our pricing:

Average impact:

All products with technology from China (in addition to letter dated 2/24/25)	1-4%
All products from Mexico & Canada	10-18%

In addition, we are evaluating the imposition of a new 25% aluminum tariff to go into effect March 12, 2025. This tariff, if applicable, will also be effective March 26, 2025. The above averages do not include this aluminum tariff.

Effective **March 26, 2025**, the prices of affected products will increase. This adjustment is necessary to maintain our commitment to delivering high-quality products, short lead-times and reliable delivery. We can provide updated quotes and product options that are not affected. New orders on impacted products, placed prior to March 26, will need to ship by **May 2, 2025**.

We understand the challenges that price adjustments can present and assure you that this decision was made after careful consideration. Our team is dedicated to supporting you and we are available to discuss any questions you may have. Byrne will continue to monitor any additional changes to US policy and will notify you of any impact or adjustments needed.

Thank you for your continued partnership and understanding.

Subject: Select Product Price Increase Due to Tariff Impacts

Dear Valued Partner,

I hope this message finds you well. We greatly value our partnership and appreciate your continued support of Designtex products. I am writing to inform you of a price change that will impact some of our textiles.

As you are aware, the tariffs imposed on February 3 and March 4 by the Trump administration on imported textiles from China have affected the cost of materials. Due to the added costs associated with these tariffs, we find it necessary to adjust our pricing on a limited number of patterns. The attached price list on the impacted patterns will go into effect **Monday, April 7, 2025**. Orders received no later than Friday, April 4 will receive the current pricing.

When we released our 2025 price list in January, the tariffs hadn't been imposed yet. We planned to update prices on March 4 to reflect the February tariff, but the additional 10% tariff that day forced us to renegotiate with our mills and adjust prices. While the total tariffs are 20%, our product prices range from an additional 4% to 13% with an average of 7% increase.

This decision was not made lightly. We have made every effort to absorb the additional costs, but the ongoing economic environment has made it unsustainable.

Thank you for your understanding and continued partnership during this period of change. If you have any questions or concerns regarding the new pricing or how it may affect your orders, please do not hesitate to reach out. We are here to assist you and ensure a smooth continuation of our business relationship.

We are confident that together we can navigate these challenges successfully.

Best Regards,

Tim Butt

Subject: Gross Stabil Corp. – Implementing Tariff Surcharge (Goods from China)

Dear Gabe,

We want to bring an important update to your attention regarding recent trade policy changes.

On February 11, 2025, the Federal Government announced the immediate implementation of an additional 25% tariff for **Section 232** of the Trade Expansion Act of 1962 (derivatives of steel and aluminum), our only product affected is the aluminum bases. At this time, the casters, glides, fixings, etc. are not currently included.

On March 3, 2025, the Federal Government announced the immediate implementation of an additional 20% tariff on **all goods** from China.

As we strive to keep our prices as low as possible, it is not feasible for us to absorb these tariff charges. Instead, as we have done previously, we will continue to apply tariff surcharges as a separate line item rather than increasing our base prices. **Effective May 1, 2025, we will impose a surcharge of \$0.096 per item** for products with China as the country of origin, in addition to the existing tariffs implemented in 2018.

For customers who have a **stocking agreement or blanket order currently in place**, this additional tariff surcharge **will not take effect until June 1, 2025**.

We understand that these changes may impact your purchasing decisions, and we regret any inconvenience this may cause. To help mitigate these additional costs, we want to remind you that **casters sourced from Germany and other places of origin are currently tariff-free**. If you are interested in exploring these **tariff-free** alternatives, we would be happy to recommend suitable options.

We appreciate your understanding and continued support as we navigate these evolving trade policies. Please feel free to reach out to your account representative or our customer service team if you have any questions or would like assistance in exploring alternative products.

Best regards,

Gross Stabil Corp.

Dear Valued Customer,

Thank you for allowing Stafast Products the opportunity to serve your fastener needs. We deeply value your partnership and are committed to providing the highest quality fasteners and automation that you have come to expect.

As you may be aware, on March 12, 2025 the U.S. government reinstated Section 232 tariffs, removing previous exemptions and imposing an additional 25% tariff on many fastener categories. Additionally, the U.S. implemented further trade measures under the International Emergency Economic Powers Act (IEEPA). This resulted in an additional 10% tariff on all imports from China starting February 4, 2025, and increased to 20% as of March 4, 2025. These changes are in addition to the original Section 301 tariffs announced back in 2018.

These policies aim to counter unfair trade practices and strengthen domestic manufacturing. Unfortunately, the increased cost burden associated with these tariffs will have a direct impact on our pricing.

To continue delivering the products your company needs while maintaining our standards of service, we will be adjusting our prices by 15% on products manufactured in our affected locations, effective April 1, 2025. As we implement this price increase, we will remove the current 5% tariff charge previously applied to invoices for tariff-impacted products. We will continue to monitor developments and make further adjustments if tariff policies change. We understand that price adjustments are never easy, and we want to assure you that this decision was made after careful consideration.

If you have any questions or would like to discuss this further, please don't hesitate to reach out to us. We thank you for your continued support and want to ensure that your experience with Stafast remains seamless and positive. We look forward to serving you for many years to come!

Sincerely,
Stafast Management Team

Subject: Pallas - Tariff Surcharge

Dear Pallas Textiles Sales Team,

Over the past several weeks, we have been closely monitoring the evolving U.S. trade and tariff policies impacting textiles imported from China and Canada. Pallas Textiles' strategy of prioritizing domestic sourcing has provided us with some flexibility to assess the full impact of these tariffs. While certain tariffs have been postponed and new reciprocal tariffs are under consideration, the current trade environment continues to drive sustained increases in costs.

Key Updates Impacting Pallas Textiles:

- The original 25% tariff on Chinese textile imports remains in place, with no indication of repeal. Recently, an additional 10% tariff was imposed, followed by another 10% tariff, further driving up costs for imported textiles.
- The potential 25% tariff on goods from Canada has increased demand for domestically sourced materials, particularly in textile production, further pushing up costs.

We've taken proactive steps to mitigate these cost increases through supply chain diversification, strategic purchasing, and cost-containment efforts. However, the cumulative effect of these tariffs has reached a point where we must introduce a surcharge of 2.48%, effective March 31, 2025.

Key Details of the Surcharge:

- The surcharge will be calculated as a percentage of the net price.
- All new quotes will be subject to the surcharge, starting immediately.
- Orders received on or after March 31st will incur the surcharge.
- Orders placed prior to March 31st will not be subject to the surcharge.
- The surcharge will appear as a separate line item on customer acknowledgments and invoices.
- This surcharge will apply across all Pallas Textiles product categories.

We will continue to monitor global trade developments and take a thoughtful approach to minimize the impact on our customers.

Thank you for your continued partnership, flexibility, and trust as we navigate this challenging landscape together. Should you have any questions or concerns, please reach out to your point of contact at Pallas.

Sincerely,
Dean M. Lindsley

Dear Tammie,

In February and March, the U.S. government implemented a 20% tariff on all goods imported from China.

Due to the increased costs associated with these tariffs, we must adjust our pricing structure accordingly. While we are actively working to minimize the impact on our customers, affected products will reflect a price adjustment beginning March 28th, 2025.

Please let me know you received your updated price list on Friday.

If you have any questions, please feel free to reach out and we can discuss,

CF Stinson and Anzea Import Tariff Related Surcharges

Date: March 18, 2025

As all of us are aware, the United States and other countries are currently engaged in trade disputes that are impacting our industry. Several of the products offered by CF Stinson and Anzea are included on the list of goods that now incur increasing Tariffs.

Knowing the impact of this to our customers, we have made every effort to both limit and delay installing tariff surcharges on the products affected.

As a result of the fact we do not know with certainty the percentage or duration of these tariffs, we believe it is not advisable to build these additional costs into the product price.

Understanding the above, effective April 7, 2025, all shipments of the products listed below will incur a Tariff Related Surcharge in the amount of 14%. This surcharge will appear as a separate line-item on the corresponding invoices for the shipments.

In the event these trade disputes are resolved, the surcharges will be eliminated.

It is regrettable we have to implement these surcharges. We remain hopeful negotiated settlements will resolve these trade disputes and these Tariff Related Surcharges will be reduced or eliminated.

Thank you for your understanding and for your continued business and support.

Subject: ArcCom Tariff Surcharge

As you have all heard by now, the Federal government has placed an additional tariff on all goods imported from China, bringing the total tariff to 35%.

When our price list was released for 2025 (effective 2/1/2025), many of our sources had not factored in the increase from these tariffs, and certain sources had been subsidizing the tariffs that had been enacted in 2018 and maintained throughout the most recent administration. We do not expect the current tariffs to be eliminated, and many of our sources have put through **significant** increases to offset increased costs caused by these tariffs. While we had incorporated some allowance for tariffs in the 2/1 pricelist, in most cases, it was not sufficient and we must take the unusual step to change our UPHOLSTERY pricing (US\$ and CND\$ off cycle) on certain patterns. Please see the attached price list—patterns with price changes are highlighted.

Effective March 1, 2025, the Arc-Com website will have revised pricing on patterns that are affected. Pricing from the February 1, 2025, price list will be honored on the patterns that increased through March 31, 2025. Effective April 1, 2025, the new price list with the affected changes will be used. Unfortunately, there are no exceptions.

Please let us know if there are possible grade changes on the prices that increased.

Thank you.

Nadia
