Community Vision: Sunnyvale is an attractive, safe, environmentally-sensitive community which takes pride in the diversity of its people, the innovation of its business and the responsiveness of its government. It is the aspiration of the people of Sunnyvale to build upon the attributes which the City currently enjoys, so that Sunnyvale of the future will become...

A strong, diverse community...
that is inclusive of and accessible to people of all cultures, ages, and lifestyles. Neighborhood and citywide events regularly provide residents with opportunities to connect with each other and to actively participate in City government. Sunnyvale offers a variety of housing options for its diverse and changing population.

A community with a vibrant and innovative local economy...
comprised of cutting-edge businesses that provide meaningful employment opportunities. Sunnyvale continues to be the heart of innovation in Silicon Valley.

A regional leader in environmental sustainability...
Advocating for less reliance on non-renewable resources through diverse transit, waste reduction, natural resource protection, and alternative energy. We prioritize environmental preservation, considering each action's impact on Sunnyvale's future.

A safe, secure and healthy place for all people...
where the health and safety of residents is a primary concern. Sunnyvale is a clean and attractive city with many opportunities for physical activity in a natural environment.

A community with a distinctive identity...
enhanced by a Downtown that provides a sense of place, convenience and is pedestrian-oriented. New development is concentrated in nodes along major transportation corridors and around transit hubs.

A city managed by a responsible and responsive government...
that delivers quality services in a comprehensive, cost-effective manner. The City evolves gracefully with the changing needs of the community and regularly communicates with residents and businesses to engage them in decision-making processes.

DRAFT Council Resourcing Priorities (July 2025-June 2027):

In the next two years, we are taking active steps to create...

- A responsive, transparent and efficient city government;
- An accessible, engaged and welcoming community;
- A sustainable city: advancing climate action, active transportation and the Vision Zero Plan;
- A model to prevent homelessness, prioritize new housing and support the unhoused community; and
- Modern City infrastructure.

Policy vs. Implementation

2025-2027 Draft Council Strategic Priorities

In the next two years, we are taking active steps to create...

- A responsive, transparent and efficient city government (**Governance**);
- An accessible, engaged and welcoming community (**Community**);
- A sustainable city: advancing climate action, active transportation and the Vision Zero Plan (**Sustainability**);
- A model to prevent homelessness, prioritize new housing and support the unhoused community (**Housing**); and
- Modern City infrastructure (**Infrastructure**).

Governance

Council Priority: Governance - A responsive, transparent and efficient city government

Key Objectives:

- Build more data transparency (e.g., strides towards dashboard, communicating progress)
- Find ways to streamline work to prioritize existing core services with the increase in service requests
- Simplify processes (e.g., community event process)
- Keep City Technology systems up to date (e.g., NeoGov, Financial, Recreation registration software)
- Improve internal communications and employee engagement

Community

Council Priority: Community - An accessible, engaged and welcoming community

Key Objectives:

- Focus on community engagement and communications (e.g., community equity assessment) to inform longer term efforts for various groups (e.g., youth, seniors, etc.)
- Increase active resident contribution and volunteering
- Increase public engagement
- Support and host community events and support groups to help different communities
- Study how land use and infrastructure changes can foster community
- Better support neighborhood associations and help create new ones
- Continue to promote equity, access and inclusion
- Enhance digital and language accessibility
- Improve communication (outbound and inward) with residents and businesses

Sustainability

Council Priority: Sustainability - A sustainable city: advancing climate action, active transportation and the Vision Zero Plan

Key Objectives:

- Advance Climate Action (includes moves from Climate Action Playbook plus other efforts related to climate action with clear measures)
- Implement Active Transportation Plan elements applicable to next two years (with clear measures)
- Implement Vision Zero Plan elements applicable to next two years (with clear measures)
- Implement traffic calming patterns
- Promote sustainable land use patterns

Housing

Council Priority: Housing - A model to prevent homelessness, prioritize new housing and support the unhoused community

Key Objectives:

- Enhance and sustain homelessness prevention programs including Tenant-Based Rental Assistance, tenant protections, and food programs
- Invest in non-congregate interim shelter and Safe Parking programs
- Increase the supply of affordable and permanent supportive housing
- Collaborate with nonprofits, neighboring cities and the County to better leverage our collective resources
- Work towards addressing disparities in who experiences homelessness
- Modify residential zoning requirements to assist in the development and preservation of housing
- Maintain efficient and effective development review processes

Infrastructure

Council Priority: Infrastructure - Modern City infrastructure

Key Objectives:

- Identify infrastructure needs with plans in place (in priority order) to support core services
- Advance digital infrastructure (e.g., access to broadband, Wi-Fi in parks, etc.)
- Bring to Council a study session on next steps related to library services (value engineered main library, branch libraries)

Reporting Plans

Workplan Reporting

- Report out on the status of Workplan items on a **quarterly** basis.
- Planning is underway to develop a visually accessible way to report on the website.
- Move away from the City's Knack tool (used for Study Issues and Top 30) and streamline reporting in one place.
- Facilitate clearer access to information for Council and the public and align staff reporting efforts to one list of priority Workplan items.

Operational Reporting

- Dashboard on Performance Measures from the Budget
