

Petition for Traffic & Safety Mitigation-510 & 920 De Guigne Drive

The City recently approved a new development at **510 & 920 De Guigne Drive (PLNG-2025-0230)**.

We support housing and responsible growth. However, the project was approved **without traffic or parking safety conditions**.

This development will increase:

- Vehicle traffic
- Pedestrian crossings
- Spillover street parking
- Emergency vehicle congestion

De Guigne and Stewart currently have:

- No on-street parking on Stewart and limited parking on 1 block and 1 side of De Guigne Drive
- Limited traffic calming
- Business corridor configuration and speed limits

Requested actions:

- 6- and 12-month pre-occupancy traffic study
- Evaluation of on-street parking feasibility
- Installation of pedestrian safety improvements
- Traffic calming measures where warranted

Growth must be paired with infrastructure and safety.

By submitting this form, you confirm that you are a resident of Sunnyvale and support these safety measures. Your name and address will be included in a petition submitted to the city.

2/25/2026 13:27:10	Ridhi Agarwal	813 Galt Ter #5, Sunnyva	ridhitek@gmail.com	On De Guigne Drive	This development will cause parking crisis and dramatically increase traffic on roads not designed for it. The new development should have at least two open (not garage) spots per dwelling unit (separate for ADU / SFR/ Townhome unit). People have tendency to use garage as storage and park on the street. Currently, every weeknight and especially Fri and Sat, all parking spots on DeGuigne Drive are taken, and it is hard for guests to park. It results in illegal parking in handicap spots, etc. with calls to Sunnyvale police diverting important resources away from more important job of preventing serious crime.	I confirm that I am a resident of Sunnyvale and I support the requested traffic and safety mitigation measures for 510 & 920 De Guigne Drive

2/26/2026 18:07:22	Qingyang Hu	537 San Lorenzo Ter Unit	huqingyang2000@gmail.com	Adjacent Street	It's also worth noting that many people will use their garage as a storage space rather than a parking space. Based on the plan and our experience in the community, the garage space designed for two vehicles is very tight for actually fitting two vehicles, which leads people to park in guest parking regardless. Additionally, without retail space, it will encourage people to drive more, increasing car dependency.	I confirm that I am a resident of Sunnysvale and I support the requested traffic and safety mitigation measures for 510 & 920 De Guigne Drive

2/27/2026 22:36:20	Zhonghong yang	810 gridley ter. Unit 1,sur	lucyyang006@gmail.com	On De Guigne Drive	I am writing to strongly request a 'Call for Review' for Project PLNG-2025-0230 (510 & 920 De Guigne Drive). The 17 waivers granted for this project, as well as lack of necessary plan to improve critical bottlenecks will create a permanent parking nightmare and paralyze the already congested two-lane De Guigne Drive. We welcome new housing, but we demand responsible development that includes proper infrastructure, adequate parking, and retail services. Please choose Alternative #3 and send this plan back for necessary revisions.	I confirm that I am a resident of Sunnysvale and I support the requested traffic and safety mitigation measures for 510 & 920 De Guigne Drive
