

Sunnyvale

Digital Information Literacy

Garrett Kuramoto

Board of Library Trustees, April 1, 2024

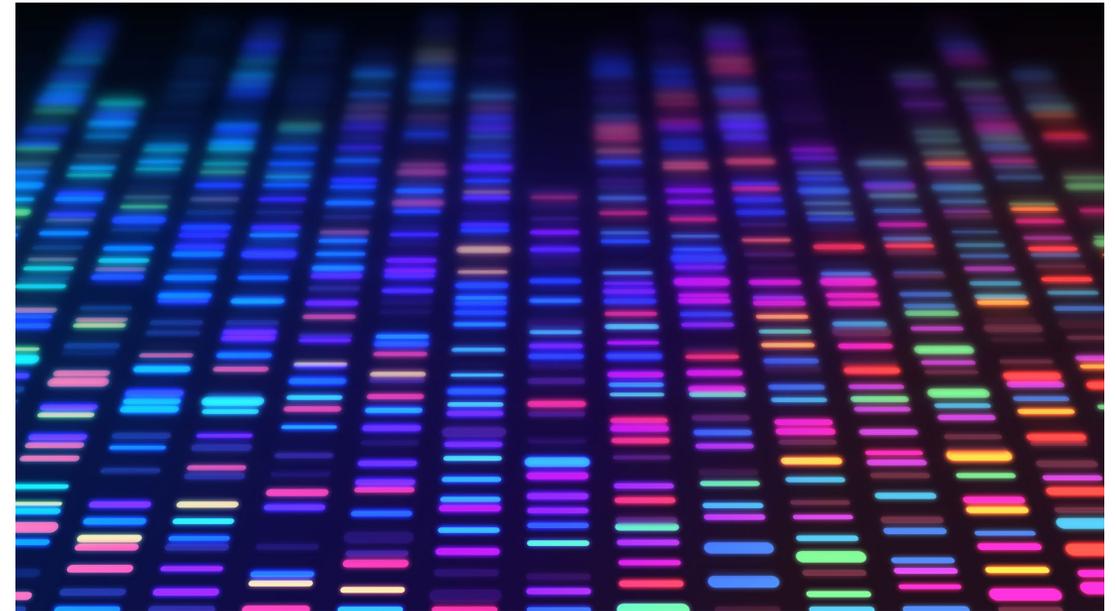

Agenda

- Definitions and Priorities
- Digital Literacy for Children
- Digital Literacy for Adults

Digital Literacy

Definitions vary but typically encompass a wide range of skills related to the effective and appropriate use of technology

Digital Literacy

- Finding and consuming information
- Creating, communicating, and sharing content
- Safety and responsibility

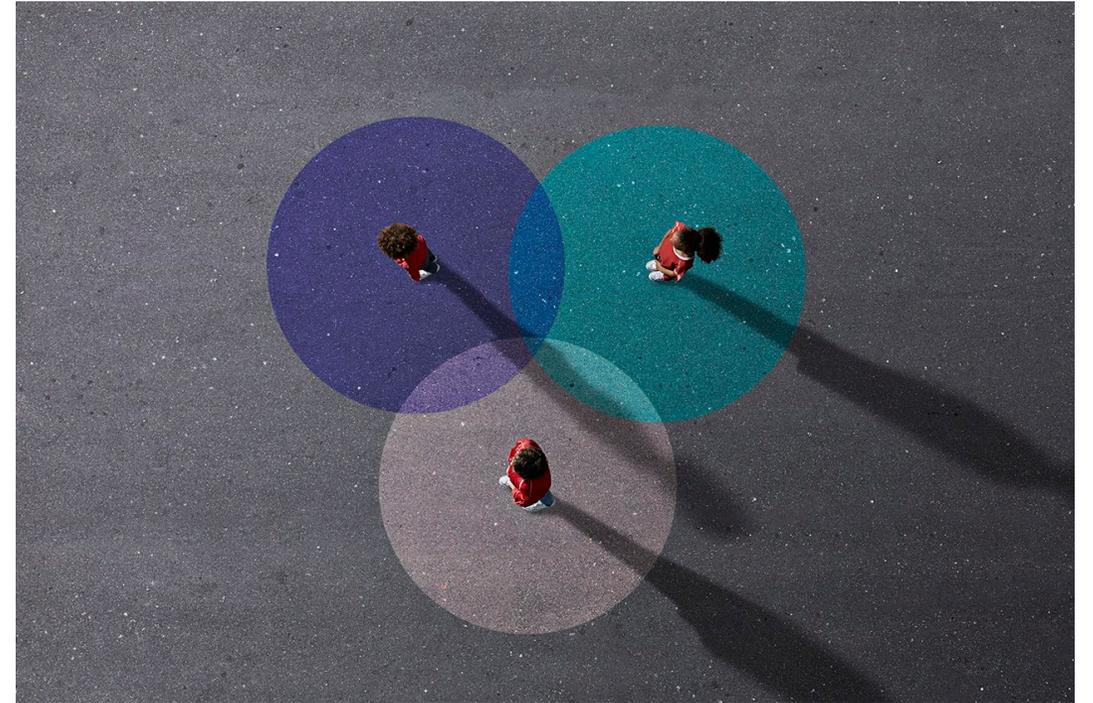

Digital Literacy

A digital divide creates often overlooked equity and inclusion issues in our community

Digital Literacy

Access, awareness and training are among our key priorities

Digital Literacy for Children

- Parent education – what we offer and how to use them, in multiple languages
- Class visits
- Tech tools for creation, courses in photography, Canva, podcasting, etc.

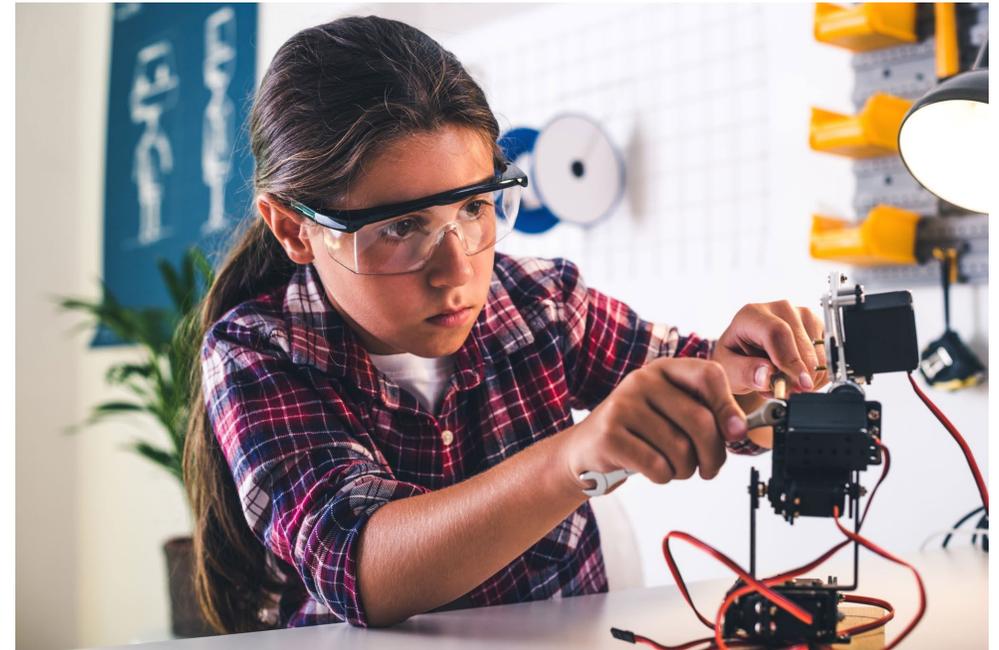

Digital Literacy for Adults – In Library

- 1:1 assistance
- Get Connected
- GSuite classes; additional digital classes in planning stages

Digital Literacy

Leading the way:
library staff receive support in training,
seek educational opportunities and watch
emerging technologies
