**What new information about your qualifications would you like Council to know?** Last year, I was nominated as the Chair of the Sustainability Commission, which was a role that I felt very underqualified for. Over the past year, I have learned a lot working with the amazing city staff to feel confident in my role as a leader of a commission focused on providing the best information possible to the council.

I recently joined the board of directors of Region 44 AYSO as the Director of Coaching. Region 44 is based in Sunnyvale, where the sustainability of fields continues to be a major topic for families with children in sports. I hope to help bridge the gap between the argument over sustainable fields.

**Reasons you wish to be reappointed.**

I am seeking reappointment to the Sustainability Commission to continue to build on the important topics and issues that are key to the sustainable future of the City of Sunnyvale. I look forward to continuing to work with my fellow commissioners to build relationships, identify priorities, and establish shared goals. Meaningful progress in sustainability doesn't happen all at once; it requires consistency and persistence. I am eager to see many of the ideas from the commission be turned into reality. My main focus for my second term is to strengthen the community engagement in sustainability. I am excited to implement a new forum for the sustainability speaker series with the hope of increased visibility for not only sustainability but boards and commissions in general.

**Any additional information related to your reappointment?**

I am focused on keeping the commission focused, practical, and results-oriented to deliver real impacts. Reappointing me would allow our momentum to continue uninterrupted and ensure that the work we have started translates into lasting and meaningful change.
