The Commission's full recommendation regarding supplemental funding (General Funds) for human services grants are provided in its March meeting minutes. In brief, the Commission recommended a total of \$150,000 in General Funds allocated to the proposals as shown under Alternative A, above. If Council does not approve the budget at that level, the Commission's next preference was to allocate \$120,000, as shown in Alternative B. If Council does not approve the budget at that level, the Commission recommended approval of the 3/22 staff recommendation for distributing the planned \$100,000, as shown above. Please see the minutes for further detail.
