Board or Commission-Specific Questions

Park and Recreation Commission

Community demographics are constantly changing. What do you think are the principal issues the commission may be addressing over the next two years?

With increased cost of living, and current employment trends, Sunnyvale community trends to be older. I believe there is a room to give more attention to facility that address adult and older population. For example walking trails and Bocce balls fields.
Also- it will be nice to have community events like wine and art festivals.

How could we improve our parks and recreation infrastructure and programming to better serve our diverse community?

Overall Sunnyvale parks and recreation infrastructure is first class. I believe we can tune a little bit for activities that are more popular by the public. For example: have beach volleyball courts, Outdoor gym facilities, pickleball fields.
