**Are you currently a registered voter in Sunnyvale?** No

**How long have you served on current your board or commission?** 2 years

**Have you ever served on another City of Sunnyvale board or commission?** No

**What new information about your qualifications would you like Council to know?**

Over the past two years, I have been actively involved in community events aimed at celebrating the vibrancy of our Latinx community. I had the privilege of serving as both an organizer and Mistress of Ceremonies for the inaugural Iberoamerican Festival in October of last year. Additionally, I have advocated before the City Council for the introduction of a ride-share service in Sunnyvale and have represented parents at the Fremont Union School District, urging for better oversight and more personalized support for students experiencing bullying. I also spoke out against the cancellation of school transportation, recognizing the profound impact it would have on many families. Becoming a mother again has provided me with new perspectives, which continue to shape my advocacy for a community that embraces and supports all of its diverse members.

**Reasons you wish to be reappointed.**

I am eager to continue contributing to this effort to advance, strengthen, and propose additional initiatives focused on immigration, community building, addressing bullying, and the impact of motherhood in our community. As a mother once again, I deeply believe that addressing issues like racism, xenophobia, and discrimination can begin with how mothers engage with their children and the conversations they foster

**Any additional information related to your reappointment?**

I also believe that my reappointment will continue to provide the City with a commissioner who not only advocates for the use of Wordly but also helped raise awareness about the importance of expanding translation services. This has enabled Spanish-speaking residents and presenters to better engage with and understand the City's efforts in creating a more inclusive community
