

DRAFT 5/11/2026 

RESOLUTION NO. \_\_\_\_\_

RESOLUTION ADOPTING A LIST OF PROJECTS  
FOR FISCAL YEAR 2026/27 FUNDED BY SENATE BILL 1,  
THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017

WHEREAS, California State Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017), was passed by the California Legislature and signed into law by the Governor in April 2017 to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions ensuring that the residents of the City of Sunnyvale are aware of the projects proposed for funding in the community and which projects have been completed each fiscal year; and

WHEREAS, the City of Sunnyvale must adopt by resolution a list of projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City of Sunnyvale will receive an estimated \$4,480,189 in RMRA funding in fiscal year 2026/27 from SB 1; and

WHEREAS, this is the tenth year in which the City of Sunnyvale is receiving SB 1 funding and will enable the City of Sunnyvale to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the City of Sunnyvale has undergone a robust public process to ensure public input into the community's transportation priorities/the project list; and

WHEREAS, the City of Sunnyvale used a Pavement Management System to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the community's priorities for transportation investment; and

WHEREAS, the funding from SB 1 will help the City of Sunnyvale maintain and rehabilitate hundreds of street and road segments, add active transportation infrastructure throughout the City of Sunnyvale this fiscal year, and support numerous similar projects in future years; and

WHEREAS, the City of Sunnyvale uses SB 1 funds for its Pavement Rehabilitation Program, which includes slurry seal, crack seal, and pavement rehabilitation; and

WHEREAS, the 2023 California Statewide Local Streets and Roads Needs Assessment found that the City of Sunnyvale's streets and roads are in an "good" condition and this revenue will help the City increase the overall quality of its road system and over the next decade will bring the City's streets and roads into a "very good" condition; and

WHEREAS, the SB 1 project list and overall investment in Sunnyvale's local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide. Maintaining Sunnyvale streets at a very good condition is essential to maintaining the economic vitality for the City and enhancing the quality of life for the City's residents.

NOW THEREFORE IT IS HEREBY RESOLVED BY THE CITY COUNCIL OF THE CITY OF SUNNYVALE THAT:

1. The City Council hereby finds that the facts set forth in the recitals to this Resolution are true and correct, and establish the factual basis for the City Council's adoption of this Resolution.
2. The City Council hereby adopts this Resolution approving the Project Listing for fiscal year 2026/27 pursuant to the Road Repair and Accountability Act of 2017.
3. The City Council hereby adopts the following list of newly proposed projects which will be funded in-part or solely with fiscal year 2026/27 Road Maintenance and Rehabilitation Account revenues:

[Project table starts on next page.]

Project Title: Pavement Rehabilitation 2027 - SB1

Project Description: Pavement Rehabilitation and Resurfacing
