

**Exhibit B – List of Qualified Property
Company's Name -- (Date)**

	Qualified Property Item	Approximate Cost	Anticipated Purchase Date	Description & Purpose	Vendor
	Item	\$xxx,xxx,xxx	Month, Year	Description of Item and Purpose as Related to the Manufacturing Process	
1.	Sorting system	\$18,621,192	02/10/2026	Base system sorting screens to separate MSW by material, chutes, conveyors, and pneumatics to move the material to other sorting equipment. Including control system and equipment platform structure.	BHS
2.	Baler infeed conveyor system	\$383,376	02/10/2026	Transports recycled material from the sorting system to the balers for packaging.	BHS
3.	Electrical switchgear for sorting system	\$322,593	02/10/2026	Electrical system required to power the new recycling equipment.	BHS
4.	Glass conveyor loadout system	\$261,113	02/10/2026	Conveyors and structure to recycle glass.	BHS
5.	Loadout conveyor (MSW & compostable fiber)	\$683,374	02/10/2026	Chainbelts to move compostable fiber and residue to the compactors	BHS
6.	MSW Compactor electrical control	\$12,739	02/10/2026	Electrical system required to power the new recycling equipment.	SSI
7.	Quality control optical sorters (Max Air)	\$780,439	02/10/2026	Equipment to sort plastic and paper from MSW	BHS
8.	2-6in Fiber optical sorter	\$893,317	02/10/2026	Optical equipment using air to sort out fiber from MSW	BHS
9.	Ferrous quality control & ferrous baler	\$410,154	02/10/2026	Platform, conveyor, sort cabin, chutes, and baler to package ferrous recyclable for sale.	BHS
10.	Two ram recycling baler	\$1,007,110	02/10/2026	Baler and chute to package recycled commodities for sale.	BHS
11.	MSW Compactor	\$1,760,923	04/01/2026	Equipment to compact residual material for transport after recycling process sorting out commodities for sale.	SSI
12.					
13.					
14.	Total	\$25,136,330
