Re; Jagait Residence

863 San Pablo Ave

Sunnyvale, CA

Project; 2014-7236

To whom it may concern,

The Home addition being proposed was designed, keeping the neighbors and neighborhood in mind. The addition proposed in the rear of the existing residence is designed to minimize the solar and visual impact on the neighbors and streetscape. Our primary reason for the addition is the recent marriage of our son. Due to the rising cost of living in the Bay Area, we decided as a family that it would best for my son and his wife to continue living at this residence, rather than finding a place of their own. With a new member in the household, the total number of residents living here is now 6 (myself, my wife, my mother, my 2 sons, and my daughter-in-law). And the living space has become somewhat constricted. Therefore, we felt the proposed addition was necessary.

Best Regards

Jit Jagait
