Request for Proposals for a Tenant Based Rental Assistance Administrator

## **I. Background**

### **What is HOME?**

The HOME Investments Partnership Program (“HOME”) was established by Title II of the Cranston-Gonzalez National Affordable Housing Act, as amended. The HOME program provides funding for construction, rehabilitation, and/or acquisition of housing affordable to lower income persons, as well as certain other activities in support of affordable housing (i.e., Tenant Based Rental Assistance).

The City of Sunnyvale receives annual entitlement grants of HOME funds from the U.S. Department of Housing and Urban Development (HUD), as well as occasional “program income” from funds recycled from previous projects.

### **Sunnyvale TBRA Program Overview**

The Sunnyvale TBRA Program provides rental assistance, for an initial term of twelve months and a total term of assistance of 24 months, to very low-income households meeting the eligibility criteria described herein.

1. The program is intended to serve households who are experiencing homelessness or at risk of homelessness and who live or work in Sunnyvale or have a child in a school located in Sunnyvale and have a verified household income of less than 50% Area Median Income (AMI).
2. Program Applicants who are at risk of or experiencing homelessness, have a verified income of less than 50% AMI, and can show proof of a work or school obligation that will start in the City of Sunnyvale within the 30 days of their approved application may also be eligible for the program.

TBRA recipients may participate in job training, including (but not limited to) work experience training, career counseling, or job placement assistance, which could enable them to increase their income so they will be able to pay 100% of their rent at the TBRA-assisted unit upon completion of the two-year TBRA program.

TBRA recipients may also participate in self-sufficiency programs that support job seekers NOVA Works or CalWORKS, as well as participation in retraining, vocational training, pursuing a degree in higher education or professional certification, and/or securing of benefits or other income source(s).

Supportive services will be provided by the Contractor and may include (but is not limited to) case management, housing navigation, connection to benefits, healthcare, medical care, clinical case management, employment services, or other services or referrals to services that may benefit the household's goal of self-sufficiency.

### E. TBRA Program Objective

The City of Sunnyvale's TBRA program is intended to assist low-income households experiencing or at-risk of homelessness in obtaining safe, sanitary, and affordable housing by providing rental and security deposit assistance, coupled with supportive services for the duration of the program (up to two-years). Low-income is defined by HUD for the metro area by number of individuals in a household, provided at [HUD Income Limits](#). Below in Exhibit A are income limits from FY 2025.

Since TBRA is a time-limited subsidy program – the main objective is to provide adequate supportive services to assist the household in becoming self-sufficient during their term in the program in order to stay housed or find other appropriate housing during their program stay.

### F. Applicants

To help Sunnyvale meet this objective, the City is seeking proposals from experienced agencies/subsidy administrators that: 1) have a detailed assessment process 2) include a detailed supportive services plan 3) demonstrate a full understanding of the HOME federal guidelines and regulations AND 4) prepare a sufficient staffing plan to meet the needs of the proposed program Compliance with Federal, State, and City Requirements

Applicants must review all federal regulations applicable to HOME-funded projects (TBRA – 24 CFR 92.209) prior to project submittal. **Submittal of an application in response to this RFP shall be construed as applicant's thorough understanding of, and commitment to comply with: all applicable HOME requirements, relevant state or federal laws (such as fair housing, prevailing wage, and relocation laws), City funding policies and municipal codes and federal audit requirements.** Compliance also includes submittal of quarterly progress reports, final project reports, timely and accurate expenditure invoices, annual City audits/monitoring's and timely completion of the project, including occupancy reporting. These requirements are not negotiable. Failure to comply with these requirements, which are described more particularly in project funding agreements, may result in various enforcement actions by City and/or HUD staff, including possible requirements for the applicant to repay the HOME funds to the federal Treasury.

**Additionally, the federal government may make changes to the HOME program at any time throughout the program contract. All federal requirements must be adhered to by the selected subrecipient.**

### III. Application Submittal and Review Process

The City of Sunnyvale invites qualified non-profit organizations to submit applications for a proposed TBRA program in response to this RFP. Applicants must demonstrate that their proposed projects, if funded, shall:

- be completed within approximately two-years of funding award date
- comply with all City and HOME contracting requirements

Please follow the application instructions carefully, check all calculations and data, and ensure that items on the application checklist are attached to the application in the order listed and labeled correctly. **Incomplete applications and/or application forms from previous years will be rejected.** All proposals will become part of City of Sunnyvale's official public records and will be available for public review.

Applications received in response to this RFP will be reviewed and scored by City staff and presented to the Sunnyvale Housing & Human Services and the Sunnyvale City Council for final funding approval in Spring 2026.

1. Staff will review all applications received to verify that:
  - a) The applicant is eligible to submit a proposal through this RFP;
  - b) The application is complete;
  - c) The project is eligible for the requested type of funds (HOME), as determined by HUD guidelines and regulations; and

If it is unclear whether a proposed project and/or applicant is eligible for HOME funds, staff will seek a determination from the City's HUD representative, which shall be final. Those applications deemed complete and eligible will be reviewed and scored by staff based on information provided in the application. Staff scores are based on the proposal's technical and programmatic merits, and are advisory to the Commission and City Council, which may score or rank projects independently.

The Commission will hold public hearings on the proposed projects and will evaluate the merits of the proposals for each proposed TBRA project, considering public comments received, staff recommendations,

City Council will then hold a public hearing on the Action Plan, including proposed project awards, before adopting the Action Plan in May 2026. Project funding awards will also be included in the City's 2026 Projects Budget, to be adopted in June 2026. Please refer to the approximate program schedule on page 10.

2. Public input on the Action Plan is obtained through the public hearing process and acceptance of written comments during the comment period. Notices are published in accordance with the City's Citizen Participation Plan. The City Council approves the Annual Action Plan by resolution following the citizen comment period. Each applicant will be notified in writing regarding their funding application. Final approval of the Action Plan is made by HUD, usually in July.

Request for Proposals for a Tenant Based Rental Assistance Administrator

**Note:** There is no direct correlation between a proposal's score and the amount of funding recommended for that proposal. Scores are calculated simply for the purpose of evaluating a project's merit for any City funding and comparing the strengths and weaknesses of various proposals received. Projects with equal scores may be awarded different funding amounts, or a project with a lower score may receive a larger award than a project with a higher score. Funding recommendations and/or awards are based on a) amount requested by applicant; b) the City's determination of the project's need and/or eligibility for City funds; c) the minimum amount necessary to make the project feasible; and d) the amount of City funds available.

The City Council will make the final local decision regarding use of its HOME funds in May 2026. Approved 2026 project funding awards will be included in the City's Action Plan to be submitted to HUD for final approval. Once HUD approval is received (generally in July), staff will prepare project loan or grant agreements for review and execution by the applicant agency. If the approved funding level is different than the amount requested in the original application, a revised project budget must be submitted before agreements can be prepared. If for any reason a project applicant is unable to execute project agreements by September 30, 2026 and begin to expend project funds shortly thereafter, the project award will be cancelled and those funds will be reallocated by the City, in order to maintain compliance HOME expenditure deadlines. Applicants with disencumbered projects may apply through a subsequent RFP but are not guaranteed another funding award, and "organizational capacity" points may be deducted for not meeting deadlines under a prior award.

**NOTICE and DISCLAIMER:**

- **Issuance of this RFP does not commit the City to award funds to any applicant for any project or activity.**
- **The City will not reimburse applicants for any costs incurred in the preparation of applications or other responses to this RFP.**
- **The City reserves the right to accept or reject any or all applications received in response to this RFP and to amend, modify, or cancel this RFP in part or in its entirety at any time and in its sole discretion.**
