Radon Information

This section lists any relevant radon information found for the target property.

Federal EPA Radon Zone for *SANTA CLARA* County: **2**

Zone 1: Counties with predicted average indoor radon screening levels greater than 4 pCi/L
Zone 2: Counties with predicted average indoor radon screening levels from 2 to 4 pCi/L
Zone 3: Counties with predicted average indoor radon screening levels less than 2 pCi/L

Federal Area Radon Information for *SANTA CLARA* County

No Measures/Homes:	77
Geometric Mean:	0.7
Arithmetic Mean:	1.4
Median:	1
Standard Deviation:	1.9
Maximum:	9.2
% >4 pCi/L:	9
% >20 pCi/L:	0
Notes on Data Table:	TABLE 1. Screening indoor radon data from the EPA/State Residential Radon Survey of California conducted during 1989-90. Data represent 2-7 day charcoal canister measurements from the lowest level of each home tested.

Appendix

Federal Sources

FEMA National Flood Hazard Layer — **FEMA FLOOD**

The National Flood Hazard Layer (NFHL) data incorporates Flood Insurance Rate Map (FIRM) databases published by the Federal Emergency Management Agency (FEMA), and any Letters Of Map Revision (LOMRs) that have been issued against those databases since their publication date. The FIRM Database is the digital, geospatial version of the flood hazard information shown on the published paper FIRMs. The FIRM Database depicts flood risk information and supporting data used to develop the risk data. The FIRM Database is derived from Flood Insurance Studies (FISs), previously published FIRMs, flood hazard analyses performed in support of the FISs and FIRMs, and new mapping data, where available.

Indoor Radon Data — **INDOOR RADON**

Indoor radon measurements tracked by the Environmental Protection Agency(EPA) and the State Residential Radon Survey.

Public Water Systems Violations and Enforcement Data — **PWSV**

This list of drinking water violations and enforcement actions is sourced from the U.S Environmental Protection Agency's (EPA) Enforcement and Compliance History Online (ECHO) system that incorporates Public Water Systems data from EPA's Safe Drinking Water Information System (SDWIS) database, as part of the national download of Safe Drinking Water Act (SDWA) data. SDWIS contains information on public water systems from the Public Water System Supervision (PWSS) Program, including monitoring, enforcement, and violation data related to requirements established by the SWDA. Address information provided in SWDIS may correspond either with the physical location of the water system, or with a contact address.

Radon Zone Level — **RADON ZONE**

Areas showing the level of Radon Zones (level 1, 2 or 3) by county. This data is maintained by the Environmental Protection Agency (EPA).

Safe Drinking Water Information System (SDWIS) — **SDWIS**

This national download of Safe Drinking Water Act (SDWA) data is sourced from the U.S Environmental Protection Agency's (EPA) Enforcement and Compliance History Online (ECHO) system that incorporates Public Water Systems data from EPA's Safe Drinking Water Information System (SDWIS) database. SDWIS contains information on public water systems from the Public Water System Supervision (PWSS) Program related to requirements established by the Safe Drinking Water Act (SDWA). Address information provided in SWDIS may correspond either with the physical location of the water system, or with a contact address.

Soil Survey Geographic database — **SSURGO**

The Soil Survey Geographic database (SSURGO) contains information about soil as collected by the National Cooperative Soil Survey at the Natural Resources Conservation Service (NRCS). Soil maps outline areas called map units. The map units are linked to soil properties in a database. Each map unit may contain one to three major components and some minor components.

U.S. Fish & Wildlife Service Wetland Data — **US WETLAND**

The U.S. Fish & Wildlife Service Wetland layer represents the approximate location and type of wetlands and deepwater habitats in the United States.

USGS Current Topo — **US TOPO**

US Topo topographic maps are produced by the National Geospatial Program of the U.S. Geological Survey (USGS). The project was launched in late 2009, and the term "US Topo" refers specifically to quadrangle topographic maps published in 2009 and later.

USGS Geology — **US GEOLOGY**

Seamless maps depicting geological information provided by the United States Geological Survey (USGS).

USGS National Water Information System — **FED USGS**

The U.S. Geological Survey's (USGS) National Water Information System (NWIS) is the nation's principal repository of water resources data. The data includes comprehensive information of well-construction details, time-series data for gage height, streamflow, groundwater level, and precipitation and water use data. This NWIS database information is obtained through the Water Quality Data Portal (WQP). The WQP

Appendix

is a cooperative service sponsored by the USGS, the Environmental Protection Agency (EPA), and the National Water Quality Monitoring Council (NWQMC).

State Sources

Oil and Gas Wells **OGW**

The California Department of Conservation, Geologic Energy Management Division (CalGEM) provides this oil and gas wells dataset. CalGEM makes no warranties, whether expressed or implied, and the data is for informational purposes.

Periodic Groundwater Level Measurement Locations **MONITOR WELLS**

Locations of groundwater level monitoring wells in the Department of Water Resources (DWR)'s Periodic Groundwater Levels dataset. The DWR Periodic Groundwater Levels dataset contains seasonal and long-term groundwater level measurements collected by the Department of Water Resources and cooperating agencies.

Well Completion Reports **WATER WELLS**

List of wells from the Well Completion Reports data made available by the California Department of Water Resources' (DWR) Online System for Well Completion Reports (OSWCR). Please note that the majority of well completion reports have been spatially registered to the center of the 1x1 mile Public Land Survey System section that the well is located in.

Liability Notice

Reliance on information in Report: The Physical Setting Report (PSR) DOES NOT replace a full Phase I Environmental Site Assessment but is solely intended to be used as a review of environmental databases and physical characteristics for the site or adjacent properties.

License for use of information in Report: No page of this report can be used without this cover page, this notice and the project property identifier. The information in Report(s) may not be modified or re-sold.

Your Liability for misuse: Using this Service and/or its reports in a manner contrary to this Notice or your agreement will be in breach of copyright and contract and ERIS may obtain damages for such mis-use, including damages caused to third parties, and gives ERIS the right to terminate your account, rescind your license to any previous reports and to bar you from future use of the Service.

No warranty of Accuracy or Liability for ERIS: The information contained in this report has been produced by ERIS Information Inc. ("ERIS") using various sources of information, including information provided by Federal and State government departments. The report applies only to the address and up to the date specified on the cover of this report, and any alterations or deviation from this description will require a new report. This report and the data contained herein does not purport to be and does not constitute a guarantee of the accuracy of the information contained herein and does not constitute a legal opinion nor medical advice. Liability on the part of ERIS is limited to the monetary value paid for this report.

Trademark and Copyright: You may not use the ERIS trademarks or attribute any work to ERIS other than as outlined above. This Service and Report(s) are protected by copyright owned by ERIS Information Inc. Copyright in data used in the Service or Report(s) (the "Data") is owned by ERIS or its licensors. The Service, Report(s) and Data may not be copied or reproduced in whole or in any substantial part without prior written consent of ERIS.

APPENDIX D: QUALIFICATIONS/INSURANCE

PARTNER

Yen Dinh
Partner Associate

Education

B.A Geography, San Jose State University

Highlights

Phase I Environmental Site Assessments
Transaction Screen Assessments
Environmental Desktop Reports

Experience Summary

Ms. Dinh is an environmental assessor who prepares Phase I Environmental Site Assessment reports on property types including multi-family, industrial, municipal, and commercial. Her responsibilities include, but are not limited to, conducting background research on a property in historical documents and regulatory database listings, property inspection, interviewing, and writing a formal report based on the findings and recommendations.

Ms. Dinh has gained multi-dimensional perspective and skillset through education, internships, and various work experiences with a strong skillset in customer services, research and analysis, project management, and proficient technical skills in Geographic Information System. During the internship with the Center for the Development of Recycling (CDR), Ms. Dinh provided expert advice to residents and businesses on hazardous waste disposal as well as created and managed a specialized project to raise awareness and participation of Vietnamese speakers to minimize household hazardous waste. Having been a part of the Geographic Information System Department of the City of Cupertino, Ms. Dinh was trained to proficiently utilize ArcGIS software applications to assist with various projects within the city regarding the creation of easement boundaries, maintenance of traffic signals and street light assets, data collection and asset inventory, and land use management. Additionally, she participated as a volunteer project manager for a non-profit organization Santi Stupa with the responsibility for organizing the pre-event preparations to post-event tasks, budget planning, and team coordination.

PARTNER

Sue Tang
Project Manager

Education

Bachelor of Science, Environmental Science, University of California, Riverside, CA

Highlights

Over 15 years of experience in the environmental consulting industry
Phase I Environmental Site Assessments
Phase II Environmental Site Assessments
Transaction Screen Assessments
Environmental Desktop Reports
Soil Vapor Screenings
Soil and Groundwater Remediation and Testing
Health and Safety Compliance
Permitting and Regulatory Compliance
Soil Management Plans
Experienced working for a diverse group of clients including government agencies, developers, national and regional lenders, investors, public/ private equity stakeholders, and property owners

Experience Summary

Ms. Tang currently holds the role of a Project Manager and her responsibilities include the preparation and technical review of assessments in line with the American Society of Testing and Materials (ASTM) standard and United States Environmental Protection Agency's All Appropriate Inquiry (AAI) as well as customized client formats, including equity-level projects, Fannie Mae, and Freddie Mac.

Ms. Tang has completed thousands of Phase I ESAs and limited environmental scope reports, and reviewed thousands of third-party Phase I, Phase II, and remediation reports. She has also managed and performed Phase I ESA portfolios for city blocks, hospitals, municipal and government-owned properties for governmental entities for potential transactions. Ms. Tang has conducted sampling for asbestos-containing materials (ACMs) and radon surveys. Ms. Tang has also assisted in subsurface sampling for soil and groundwater contamination, assisted in soil vapor assessments, oversaw underground storage tank removals, oversaw soil excavation activities, and conducted confirmatory sampling in each event.

Project Experience

Sites included gasoline service stations, hotels, dry cleaning plants, auto repair and auto body shops, metal plating facilities, semi-conductor facilities, bulk oil facilities, multi-family properties, commercial office buildings, retail shopping centers, and various industrial manufacturing facilities. Responsibilities included overseeing staff, reviewing draft reports, and conducting field work for various due diligence type projects.

Environmental, Various School Districts, CA. Assessments for existing and proposed school sites (CEQA process per DTSC requirements), that included the completion of the California Department of Education (CDE) Checklist. School Districts include the Desert Sands Unified School District, Los Angeles Unified School District, San Monica – Malibu Unified School District, Garvey Unified School District, Compton Unified School District, and Orange Unified School District.

Sue Tang

ISA, Street Widening Projects, Chino and Fontana, CA. Performed Initial Site Assessments (ISA) required by Caltrans for proposed street improvements/widening and development of highways and right-of-ways for street widening projects in the City of Chino and Fontana.

Phase I ESA, Former Municipal Airport, Rialto, CA. Managed and prepared various Phase I ESA assessments for potential developers for the redevelopment of a former municipal airport in which she also assisted with soil remedial oversight and closure activities.

Hazardous Materials Audit, Cosmetics Manufacturer, Oxnard, CA. Prepared hazardous material audits, assisted in the completion of business plans, and conducted limited compliance audits and health and safety audits for maintaining hazardous materials of a major cosmetics manufacturer located in California.

Desktop Portfolio, Aerospace, Los Angeles, Orange, and San Diego Counties, CA. Prepared a portfolio of Third-Party Desktop reviews in which she provided comments on the standard of care for the due diligence for a large aerospace acquisition

Radon Studies, Orange County, CA. Performed radon studies of uranium granite slabs installed in homes throughout the country for a leading granite distributor in Orange County to ease concerns of radon emissions through granite countertops.

Phase I & II ESA, Agricultural, Various, CA. Performed Phase I & II ESAs for proposed residential developments on undeveloped land, former dairy farmland, and historical agricultural land.

stang@partneresi.com

PARTNER

Jay Grenfell, REPA, LEED AP
National Client Manager, Principal

Education

B.A, Environmental Science, University of California at Berkeley

Registrations

Registered Environmental Property Assessor, National Registry of Environmental Professionals
LEED Accredited Professional, United States Green Building Council

Highlights

22+ years in the environmental and commercial real estate due diligence consulting industry

Extensive experience managing tens of thousands Environmental Site Assessments (ESAs), Property Condition Assessments (PCAs), Seismic Risk Assessments (SRAs), and other due diligence products with an emphasis on understanding stakeholder positions and providing appropriate risk management solutions.

Worked to develop protocols for reporting and compliance with ASTM Standards for Phase I ESAs.

Experience Summary

Mr. Grenfell currently serves as a National Client Manager providing risk management solutions to clients' due diligence and engineering needs. Mr. Grenfell's breadth of experience and understanding of commercial real estate transactions from both an equity investment and lending view allow him to provide risk management consulting that align with client objectives.

Mr. Grenfell conducted and managed thousands of Phase I ESAs on industrial, office, multi-family, government, retail, and hospitality properties prior to assuming his role as a client manager and business development professional. His experience also includes management of large multi-site portfolios for varied and demanding stakeholders, where he mentored field assessors, identifying environmental risks, and provided detailed reports within demanding deadlines. Mr. Grenfell experience includes understanding and coordinating a full suite of due diligence services, including Phase II subsurface investigations, Property Condition Assessments, Seismic Risk Assessments, ALTA Surveys, Asbestos and Lead Surveys, and Energy Audits.

Mr. Grenfell has worked for nationwide and local clients that include commercial developers, mortgage bankers, real estate brokers, individual investors, equity/institutional investment groups, and financial lending institutions, including CMBS lenders, SBA lenders, and GSA (Fannie and Freddie) lenders.

Project Experience

Environmental and Property Condition Due Diligence, County, and City Municipalities. Conducted Phase I ESAs, PCAs, and FCAs for local municipalities in Northern California, including Sonoma and San Mateo Counties, assisting in acquisition due diligence and for capital needs planning of municipality-owned assets.

Multi-Site Portfolio, Nationwide. Managed performance and delivery of summary matrix and complete reports for a 300-site portfolio of Class A high-rise office buildings, at the time valued as the largest real estate transaction in history. Lead scheduled conference calls summarizing and evaluating environmental liabilities for a large stakeholder group.

Jay Grenfell, REPA, LEED AP

Phase II Subsurface Investigations, Kansas City, Missouri. Conducted eight Phase II Site Assessments at gasoline stations over a four-day period, coordinating and supervising the advancement of soil borings and collected soil and groundwater samples. Documented results in concise, well-written reports.

Industrial Compliance Evaluation, San Francisco, CA. Managed a compliance evaluation team at an 8,000 employee, 24-hour aircraft maintenance center, evaluating environmental regulatory compliance. Provided solutions and established protocols for ensuring compliance.

Third-Party Report Reviews, Chicago, IL. Conducted 3rd-party reviews of over 150 gasoline stations, documenting previous report findings and providing a matrix listing issues and updated risk-based recommendations.

High Rise Office Buildings, San Francisco. Worked with technical team to manage pre-acquisition due diligence for equity investor of high-rise office buildings in downtown San Francisco. Included equity PCA with specialty evaluations of façade, MEP, Fire and Life Safety, Roof, and ADA. Provided red flag analysis and summary costs tables within 48 hours of initial site visits with final reports provided within 10 business days.

Multi-Site Portfolio, California. Managed performance and delivery of summary matrix and complete reports for a 150-site portfolio of fast-food restaurants providing environmental and property condition assessments with specialty evaluations of roofs and MEP systems.

SPECIALTY PACKAGE POLICY

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
Where required by written contract in force prior to any claim.	All Projects/Locations
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. **Section III – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for **Bodily Injury, Property Damage** or **Personal And Advertising Injury** caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to **Bodily Injury** or **Property Damage** occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of **Your Work** out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

CG 20 10 04 13

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section IV – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.
