THE CITY OF SUNNYVALE INVITES YOU TO A COMMUNITY MEETING TO LEARN ABOUT THE CITY'S TRANSITION TO VEHICLE MILES TRAVELED

The City of Sunnyvale is developing a new transportation policy to meet the state requirements set by Senate Bill (SB) 743. The bill requires all California cities and counties to use Vehicle Miles Traveled (VMT) to comply with California Environmental Quality Act (CEQA) required transportation analysis and adopt a VMT policy by July 1, 2020.

At this meeting, City staff will discuss what the state is requiring, how our city will comply with the requirements, how transportation impacts will be analyzed, and how we are coordinating with other bay area jurisdictions. Please join us to learn more about this process and contribute input to this important effort.
