NUMBER

CDD 18-02

TITLE Update and Review of the Heritage Resource Inventory

BACKGROUND

Lead Department: Community Development

Support Departments: Office of the City Manager

Office of the City Attorney

Sponsor(s): Heritage Preservation Commission

History: 1 year ago: Deferred by Council

2 years ago: Deferred by Council

SCOPE OF THE STUDY

What precipitated this Study?

The Heritage Preservation Commission identified a need to examine the City's current Heritage Resource Inventory (Inventory) and explore whether additional properties, including non-residential development, should qualify based on adopted criteria for nomination.

The Inventory was created in 1979 and has been updated periodically. The most recent comprehensive study in 2007 included a citywide survey for consideration of new neighborhood districts and individual heritage resources. Two neighborhoods and five properties were identified and further evaluated in 2009; however, none of these properties and neighborhoods were ultimately added to the Inventory. Over the years, through requests by individual property owners, several properties have been approved for removal from the list once further study determined that they did not meet or were determined to no longer meet the City's standards for heritage designation.

What are the key elements of the Study?

Similar to previous Inventory updates, the Study would identify potential properties for nomination both by visually surveying the City, and by conducting research to identify locations where prominent members of Sunnyvale's history lived or where significant local historic events may have taken place. Outreach meetings would be conducted with affected and/or interested property owners and business owners, as well as the broader community. The Study would also examine the current list and the appropriateness of the specific designations.

Estimated years to complete study: 1-2 years

FISCAL IMPACT

Level of staff effort required (opportunity cost): Moderate

Funding Required for Non-Budgeted Costs: \$300,000
Funding Source: Will seek budget supplement

A consultant would conduct a survey of residential and non-residential developments as well as significant people and events and help evaluate individual properties for nomination to the City's Heritage Resource Inventory.

Cost to Implement Study Results

Unknown. Study would include assessment of potential costs.

EXPECTED CITY COUNCIL, BOARD OR COMMISSION PARTICIPATION

STAFF RECOMMENDATION

Support. This policy issue merits discussion at the 2023 Study Issues Workshop.

The last citywide survey was conducted over 15 years ago. An updated comprehensive study would be needed to further examine the condition of properties within the existing Inventory as well as identify new residential and non-residential properties that could be nominated. In 2020, this Study Issue was ranked but fell below the line. In 2021 and 2022, the Study Issue was deferred. With the continual increase of redevelopment and evolving architectural design within the City, staff recognizes that an updated comprehensive survey of the existing building inventory is needed to help determine whether adequate preservation measures are in place and to identify new residential and non-residential properties that could be nominated. This Study is supported by the General Plan Community Character Chapter and its goals and policies to enhance, preserve, and protect Sunnyvale's heritage.

TITLE Update to the Historical Context Statement to Include Historical Contributions Made by Asian Americans and Other Minority Groups

BACKGROUND

Lead Department: Community Development

Support Departments: Office of the City Manager

Office of the City Attorney

Sponsor(s): Heritage Preservation Commission

History: 1 year ago: Ranked, Below the Line
2 years ago: Ranked, Below the Line

SCOPE OF THE STUDY

What precipitated this Study?

The Heritage Preservation Commission identified the need for an update to the Historical Context Statement to include more thorough information about Asian Americans and other minority groups. An updated document could help to inform the Council on potential heritage and landmark resources that are not currently designated for preservation.

The City Council adopted the Historical Context Statement in 2012, which provides a framework for setting goals, policies and action statements that direct the City's heritage preservation program. The Historical Context Statement documents different aspects of the historical development of Sunnyvale, such as land use patterns, important events, and architecture. In addition, prominent figures who have contributed to Sunnyvale's history are included, such as the early Native Americans, Spanish-Mexican settlers, European farmers, and Japanese and Chinese laborers and farmworkers.

What are the key elements of the Study?

The Study would expand on the current Historical Context Statement with more detailed information on contributions made by Asian Americans and other minority groups to Sunnyvale's rich and diverse history. Research may include a review of existing publications not already referenced in the current Historical Context Statement, meeting with the Sunnyvale Heritage Park Museum staff, and visits to local libraries and the California History Center at De Anza College.

Estimated years to complete study: 1 year

FISCAL IMPACT

Cost to Conduct Study

Level of staff effort required (opportunity cost): Minor

Funding Required for Non-Budgeted Costs:	\$50,000
Funding Source:	Will seek budget supplement

A historical consultant would be hired, who would also have access to additional information that may not be readily available to City staff.

Cost to Implement Study Results

Minimal cost expected to implement.

STAFF RECOMMENDATION

Staff acknowledges that this additional research would provide an opportunity to further recognize the various achievements of a continually growing diverse community and could inform future decisions related to designation of heritage and landmark resources.

TITLE Programs to Encourage Visitation to Heritage and Landmark Resources

BACKGROUND

Lead Department: Community Development

Support Departments: Office of the City Manager

Office of the City Attorney

Sponsor(s): Heritage Preservation Commission

History: 1 year ago: Deferred by Council

2 years ago: Deferred by Council

SCOPE OF THE STUDY

What precipitated this Study?

The City has approximately 57 structures listed on the Heritage Resources Inventory, as well as a few neighborhoods and several trees. Attachment 1 contains a list of these Heritage Resources and a description of Local Landmarks. The Sunnyvale Bicycle and Pedestrian Advisory Commission sponsored a map created in the 1990s for a self-guided bike tour of these resources (Attachment 2), plus some of the exhibits in the Heritage Park Museum include information and pictures of some of these resources. The Heritage Preservation Commission has expressed interest in exploring additional programs to encourage visitation to these resources to educate the community about the City's history.

The following General Plan goal supports the study:

Goal CC-6 KNOWLEDGE OF SUNNYVALE'S HERITAGE. Promote knowledge of, and appreciation for, Sunnyvale's heritage and encourage broad community participation in heritage programs and projects.

What are the key elements of the Study?

Several initial steps would be undertaken including a survey of other cities to find examples of city-sponsored programs that encourage visitation to heritage resources, interviews with Heritage Park Museum staff, and discussion with multiple City departments with a relationship to the existing Heritage Preservation programs. The Study would include research of similar efforts by other cities and outreach to various community and business groups. An evaluation of the costs to develop and maintain these programs would be completed. Staff would also conduct outreach to property owners of heritage resources to determine if they are interested in having their property included in a program.

Estimated years to complete study: 1 year

FISCAL IMPACT**Cost to Conduct Study**

Level of staff effort required (opportunity cost): Minor
Funding Required for Non-Budgeted Costs: \$0

Cost to Implement Study Results

Unknown. Study would include assessment of potential costs, such as brochures (graphics and mapping), wayfinding signage, web-based application or other tools that may encourage visitation to heritage landmarks and resources.

CITY OF SUNNYVALE

LOCAL LANDMARKS

Sunnyvale's Local Landmarks were adopted in 1979, recognizing properties and trees which are particularly important reminders of the community's heritage. Since that time, the City has added additional landmark properties. Major exterior changes must be approved by the Heritage Preservation Commission through a Landmark Alteration Permit. For more information, please contact the Planning Division.

BRIGGS-STELLING HOUSE 822 Springfield Terrace

Originally constructed in the 1870's for George H. Briggs and extensively reconstructed in the 1920's for the Henry S. Stelling family, the mansion recounts the history of Sunnyvale. Briggs was one of the earliest pioneers who came from Boston in 1854. Stelling, the son of one of San Jose's first orchardists, grew pears and award winning cherries. Under his wife's care, the gardens surrounding the mansion became a showcase.

COLLINS-SCOTT WINERY 775 Cascade Drive

Built in 1881 by the Collins brothers, the Collins-Scott Winery is the oldest brick building in Sunnyvale. In 1889 a private railroad was built on the property and more than 300 gallons of wine were shipped daily. In 1927 all of the buildings except the brick distillery were destroyed by fire. In 1965 the present owners, the Duane Heinlen family, remodeled the structure as it stands today.

DEL MONTE BUILDING 114 S. Murphy Avenue

Built in 1904 by the Madison & Bonner packing Company, the building was used for processing dried fruit from nearby orchards. Cannery mergers in 1916 formed the California Packing Corporation now known as "Del Monte." From 1930 to 1986 the building was used for seed processing and research. In 1993, the building was moved to the northeast corner of the 100 block of S. Murphy Avenue (the Murphy Station Heritage Landmark District) to avoid demolition. The building has since been renovated for commercial use.

HENDY IRON WORKS (Northrop Grumman) 501 E. Hendy Avenue

Constructed in 1906, Hendy Iron Works was an industrial pioneer in Sunnyvale. Originally producing equipment for mining gold and silver, the Company supplied Marine Engines in both World War I and World War II. In continuous operation from 1906 to 1946, the company was purchased by Westinghouse Electric in 1947. The water tower stored Sunnyvale's emergency water supply in the early 1900's.

LIBBY WATER TOWER 460 W. California Avenue

McNeill & Libby opened in 1907 and by 1922 became the world's largest cannery. The original tower supplied water to the cannery and its workers and was replaced in 1965 by the present structure.

505 S. MURPHY AVENUE

The residence was built in 1939 by the Homer Pfeiffer family and remained in the family until it was sold in the mid-1980's. It is an excellent example of the Tudor Revival style as applied to the suburban house and embodies distinctive characteristics of homes constructed during this period of architecture.

**MURPHY STATION
LANDMARK DISTRICT**
100 Block of South Murphy
Avenue

"Murphy Station" was established when Martin Murphy Jr., a California Pioneer, granted the railroad the right- of-way through his land in 1864. The stop saw the arrival and departure of important dignitaries who visited Murphy's Bayview Ranch, a focal point of political and social activity in the Santa Clara Valley.

In 1898 William Crossman, a real estate developer, purchased 200 acres from Murphy and named the town Encinal, "Place where the live oak grows." The first post office and general store were built on this street near the site of Murphy Station. The town was renamed Sunnyvale in 1901 and incorporated in 1912. The railroad and industrial buildings ran east and west and the business district ran north and south, providing the base from which Sunnyvale grew. The 100 block of South Murphy Avenue is the original downtown commercial district. Most of the structures were built between 1900 and 1940.

SPALDING HOUSE
1385 Ramon Drive

Built in the early 1920's by C.C. Spalding, the mansion served as his family residence. Spalding was the first treasurer of the City of Sunnyvale and is best remembered for his contributions to the development of Murphy Avenue. He organized and established the Bank of Sunnyvale in 1906 and later became a State Legislator.

STOWELL HOUSE
901 Sunnyvale/Saratoga
Road

The Stowell House is so named because until 1999, when Dolly Stowell died, it had been the family residence of Sunnyvale pioneer Charles Stowell and his descendents. Stowell bought the home from F. C. Fry in 1899, who had built the home circa 1890. Stowell and his brother-in-law Charles Spaulding were prominent businessmen in the community. They built the S & S building on the corner of Murphy Avenue and Washington Avenue. They also were involved in the construction of several other prominent buildings, including the First Baptist Church and the U.S. Post Office.

VARGAS REDWOOD TREES
1004 Carson Drive

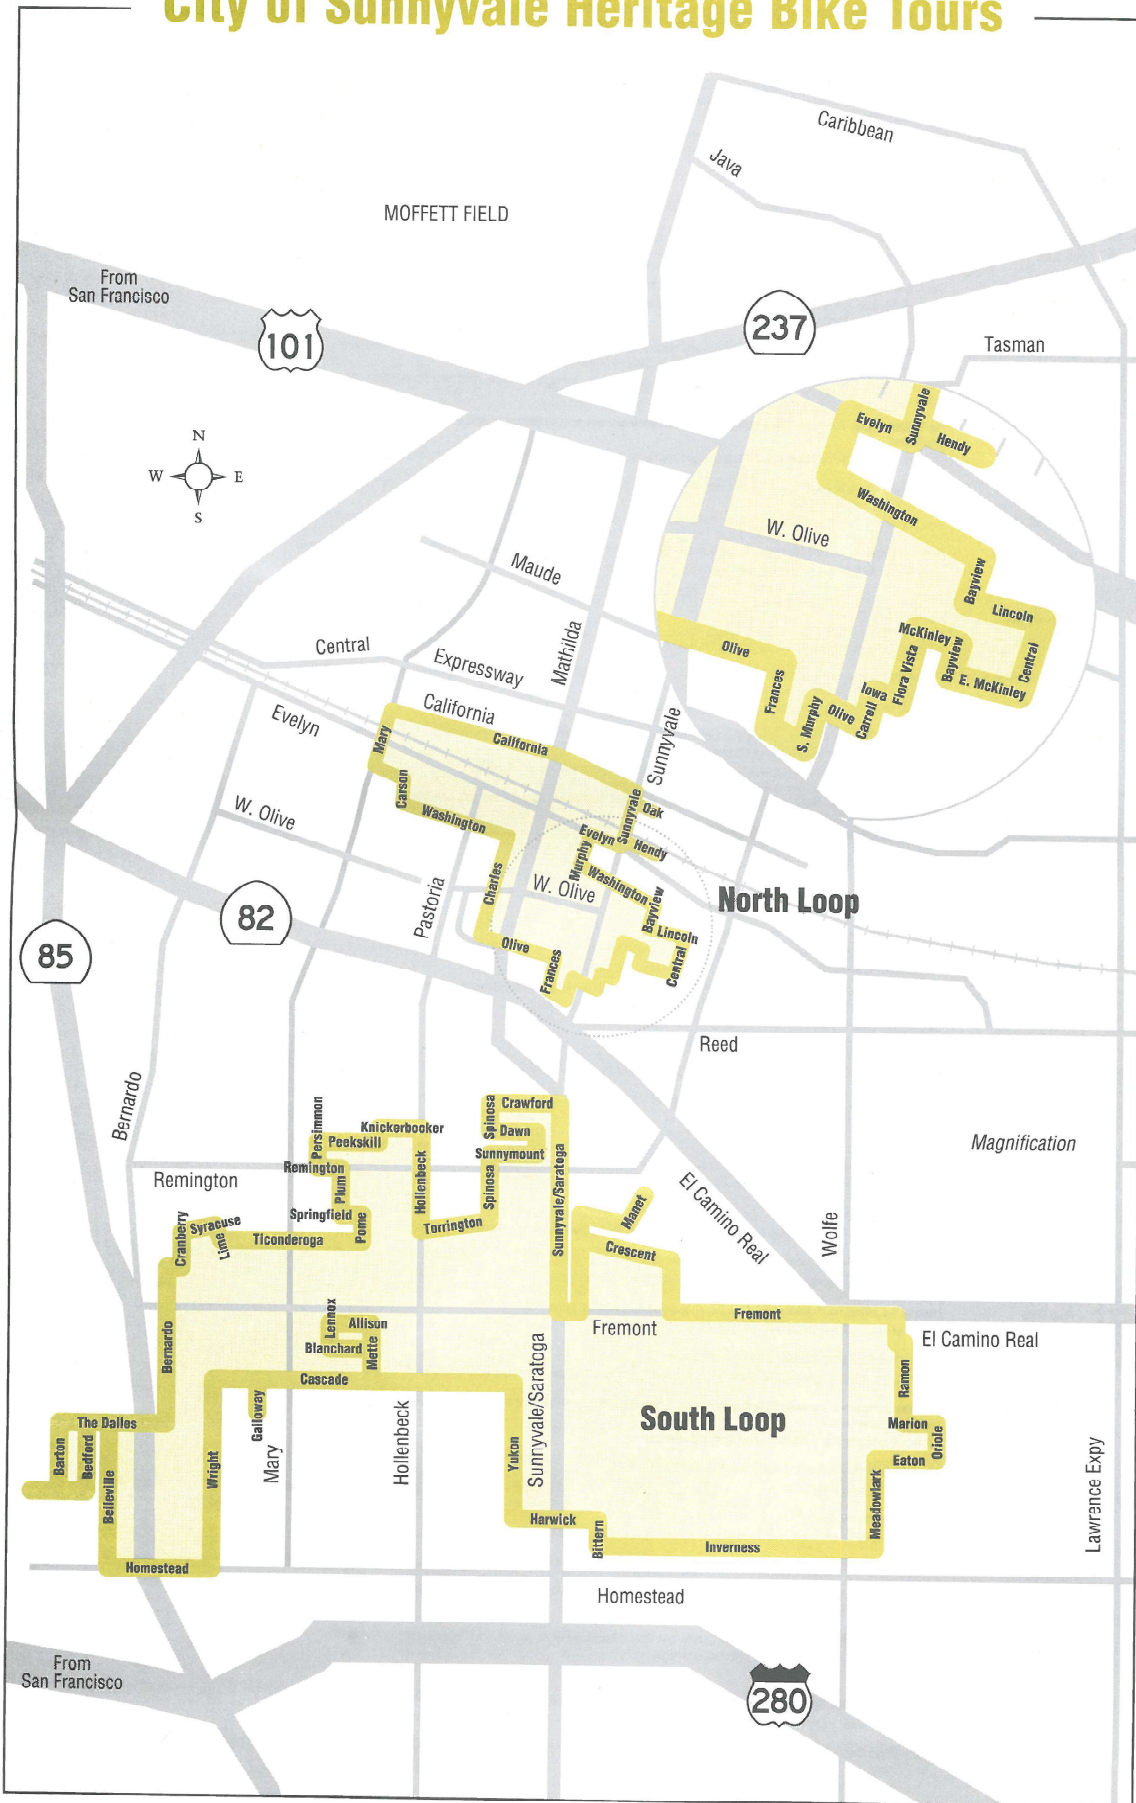

These Coast Redwoods were planted in 1900 by Manuel Vargas, "Mr. Sunnyvale." The saplings were gathered during a family outing to Pescadero, and planted at the entrance to the Vargas family home.

WRIGHT RANCH
1234 Cranberry Avenue

Originally part of a 320 acre ranch, this is Sunnyvale's oldest remaining ranch house. It was built circa 1870 by William Wright, a 49'er who left the gold fields to raise grain and stock.
