PLANNING COMMISSION – STUDY SESSION

The project was presented and reviewed at a Study Session (with three Planning Commissioners in attendance) on January 13, 2014. Following is a summary of the comments with staff responses noted in *italics*:

- Explanation about traffic impacts and nearby bike routes.
 - *Information included in the staff report.*
- Concerns about over-use of glass and explanation about how the proposed glass on this project is different from the other buildings recently approved.
 - *Information included in the staff report.*
- Include site history in the staff report.
 - *Information included in the staff report.*
- Questions about stormwater drainage techniques and water use.
 - *Information included in the staff report.*
