**NON-AGENDA ITEMS & COMMENTS****-Board Member Comments**

Board Member Bremond noted that it is difficult to read information projected on the screen located in the Library Program Room. He suggested the screen not be fully extended and inquired if the screen could be mounted higher. Administrative Librarian Sloan noted it would require a new screen to be installed which would be built-in to the ceiling and flush with the ceiling tiles. This possibility was researched previously and determined to be cost prohibitive.

**-Staff Comments**

Director Rosenblum noted the following:

More than 3,000 residents attended the Library's centennial celebration on December 14. She thanked the board for their participation and the Friends of the Library for funding the event.

Two publications recently featured innovative programming that is happening at the Sunnyvale Library. State Tech Magazine published an article regarding 3D printers. Online magazine Silicon Glades published an article regarding a highly successful program Alligator Zone that was held for local children interested in entrepreneurship.

Due to overwhelming demand and limited space, the Library is piloting back to back "identical" story times. These story times are held on Mondays and Wednesdays at 11 and 11:30 a.m.

The Library will host three Silicon Valley Reads events in March. This year's theme is Homeland and Home: The Immigrant Experience.

Free tax assistant will be provided to qualified residents at the Library on Wednesday, February 11 from 2 to 8 p.m. in the tech center through a partnership with the Intuit Tax Freedom Project.

**INFORMATION ONLY ITEMS**

[15-0161](#) Request from Public for Color Printer

Administrative Librarian Sloan provided the Board with an overview of a customer request, submitted to the Library Trustees answerpoint, to have a color printer at the Library. Color printing is now available, on a trial basis, from the 30 minute computer next to the staff desk at the tech center. The cost for color printing is 50 cents per page. During the first two weeks 30 color print jobs were requested. During the same period, approximately 9,000 black and white print jobs were requested. Thus far, staff has observed low usage as well as increasing numbers of paper jams, requests for refunds, and service calls to the vendor, all requiring more staff time. Staff will reassess within 21 days if the Library will continue to provide this service.

**ADJOURNMENT**

The meeting adjourned at 7:47 p.m.
