3 [15-0527](#) Update on Field Use Inquiries

Superintendent Wax provided an update on the field use inquiries made during the March 11, 2015 Parks and Recreation Commission meeting. He stated that Serra Little League was sent a letter requesting they submit a proposal for an alternative location for the storage container located at Cupertino Middle School. To date, a proposal has not been received by the city.

He stated that Sunnyvale AYSO received a letter in November 2014 which authorized the league to play a tournament in December 2014. The letter also stated that further exceptions would not be made as fields are normally closed from December-February.

Superintendent Morton explained why the fields require "rest" and cited the General Plan, Chapter 3, Goals for Land Use and Transportation, Balanced Land Use, Policy LT-8.1 which supports the operational decision. He added that the capital plan includes synthetic lit fields in north, central and south Sunnyvale, which would provide more access to fields and be available for use year round. He answered questions regarding the alternative field options for Sunnyvale AYSO; the drought's impact on athletic fields; and watering fields and golf courses with recycled water.

ADJOURNMENT

Chair Alexander adjourned the meeting at 9:07 p.m.
