SCOPE OF THE STUDY

What are the key elements of the study?

This study would evaluate what steps the City would need to take and resources to develop a vision zero plan. This plan strives for the total elimination of traffic fatalities for all transportation modes. A similar plan was adopted by the City of San Jose. The study would have specific action items and conceptual costs to develop and implement a plan for the City of Sunnyvale.

What precipitated this study?

BPAC is concerned with the recent number of fatalities within the City of Sunnyvale. They feel that if this sort of plan is implemented in Sunnyvale, the number of fatalities would be reduced to zero.

Planned Completion Year: 2017
