Regarding: 861 E. El Camino Real Planning Commission denial.

Dear Margaret,

We are appealing the Planning Commission's denial of our application for a Special Development Permit and Solar Shading Variance at 861 E. El Camino Real. We believe Solar Shading Ordinance 19.96.20 has been misinterpreted and that our project does not require a solar shading variance.

Sincerely,

A handwritten signature in black ink, appearing to read "Kelly Heil", with a large, stylized flourish at the end.
