To: George Schroeder <gschroeder@sunnyvale.ca.gov>

Mr Schroeder,

I am opposed to Sunnyvale allowing the lot at 835 Dartshire Way to be subdivided into 2 lots. There is just too much development in Sunnyvale. The congestion keeps increasing and quality of life keeps decreasing. The SJ Mercury News recently reported a survey that a substantial majority of SF Bay Area residents are unhappy with the direction in which we head. And one of the major reasons is decrease in quality of life due to congestion. This 835 Dartshire proposal in just one more lot, but the reality is each development seems to be one more; and each adds to the decline in our quality of life.

I think that the Planning Commission, Planning Department, and City Council are out of touch with its resident and that is sad.

Regards,
Robert Hoop
