SCOPE OF THE STUDY

What are the key elements of the study?

This study would investigate the feasibility of updating the City's Bicycle Master Plan every five years instead of every ten years.

What precipitated this study?

BPAC recommends increasing the frequency of updating the Sunnyvale Bicycle Master Plan to every five years instead of ten years. As alternative modes of transportation such as walking and bicycling gain more users, it becomes more important to update these plans more frequently. Updating the Bicycle Master Plan every five years would aid in making necessary course corrections do to more frequent plan updates. In addition, more frequent updates will assist with achieving a higher level Bicycle Friendly Community class designation by the League of American Bicyclists.

Planned Completion Year: 2018
