Aastha,

Following up on my voice mail, I am sending the survey regarding file no. 2016-7467 to you electronically in order to ensure we make the deadline. The hard copy of this document will be in tonight's US mail. CWS's position is that we cannot support the rezoning and respectfully request to be excluded from any proposed rezoning. In general terms the proposed rezoning could negatively impact the utility's current and future use of the property.

CWS will be present at any meeting should the City require us to clarify our position. Please inform me directly of the meeting dates, times, and locations so I may coordinate CWS participation.
