The Planning Commission, City of Sunnyvale  
456 West Olive Avenue  
Sunnyvale, CA 94086

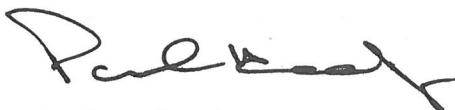

Dear Commissioners,

Enclosed please find a rezoning application for a for a Residential Single Story Combining District (SSCD) for the neighborhood bounded by Carlisle Way to the north, Dartshire Way to the south, Mallard Way to the east, and Panama Park to the west. A map is attached for your reference. This neighborhood consists of Fifty Eichler homes, three non Eichler two story homes and a R0 zoned parcel owned by the California Water Services Corporation.

Our motivation as a neighborhood is to preserve the rear of home privacy that is essential to the seamless indoor/outdoor experience that is the key element of the Eichler design. Our homes were designed with walls of floor to ceiling glass opening onto private rear yard spaces to achieve a unique indoor/outdoor living experience. As Eichler residents we recognize that construction of two story structures adjacent to our homes would fundamentally change the way these homes are enjoyed. Our Eichler homes are recognized as architecturally significant, and the homes in our small neighborhood have survived the past sixty four years with relatively minor alteration. This application affords the opportunity to preserve our Eichler neighborhood, and the open indoor/outdoor living our homes exemplify, well into the future.

As several Eichler neighborhoods have done before us, we are asking for your careful consideration of our application, and for your support for this important initiative to preserve our unique Eichler neighborhood.

Respectfully,

A handwritten signature in black ink, appearing to read 'Paul Healy', with a stylized flourish at the end.
