

January 17, 2017

Deanna Santana, City Manager
City of Sunnyvale
Post Office Box 3707
Sunnyvale, CA 94088-3707

Dear Ms. Santana:

Please accept this letter as an amended expression of interest by the Foothill-De Anza Community College District in acquiring the parcel located at 1060 Innovation Way in Sunnyvale. We are also interested in acquiring the parcel located at 1050 Innovation Way.

As I stated in my letter to you of August 24, 2016, we have been in conversation with the Fremont Union High School District and the University of California, Santa Cruz, regarding a tripartite collaboration in the ultimate build out of our current parcel at 1070 Innovation Way. We are envisioning STEM pathways targeting underrepresented populations possibly in a Middle College model that would proceed through Foothill and De Anza to UC Santa Cruz. Our proximity to Moffett Business Park and the growing support from the businesses there for internships and faculty professional development bring together some unprecedented opportunities to meet the educational and workforce needs of our community.

The surplusings of 1050 and 1060 Innovation Way has sparked our collective thinking regarding even greater possibilities for our tripartite programming if additional land were available.

Thank you in advance for notifying us as to the processes and timelines we should follow as the City of Sunnyvale engages in its deliberations.

Sincerely,

Judy C. Miner, Ed.D.
Chancellor

cc: George Blumenthal, Chancellor, University of California, Santa Cruz
Polly Bove, Superintendent, Fremont Union High School District
