

Community Pipeline Safety Initiative

E California Avenue Restoration Plan - Sunnyvale, CA

RW_V_8484_15

ATTACHMENT 4

Location: E California Avenue, Sunnyvale, CA (RW_V_8484_15)

The following is a proposed restoration concept that works well near gas pipelines and can add to the safety and beauty of your property. Please note the proposed restoration represents the vegetation at full maturity.

Conceptual Restoration Plan and Proposed Vegetation

Strawberry Tree
(*Arbutus unedo*)

Desert Willow
(*Chilopsis linearis* 'Arts Seedles')

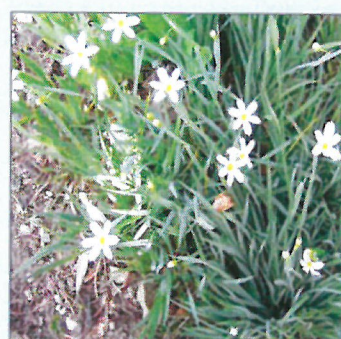

Existing

Proposed

Bi-color Blue Iris
(*Iris douglasiana* PCH 'Bi-color Blue')

Blue Eyed Grass
(*Sisyrinchium bellum* 'H Bar H White')

Blue Fountain California Fescue
(*Festuca californica* 'Blue Fountain')

Blue Wildrye
(*Elymus glaucus*)

Common Yarrow
(*Achillea millefolium*)

Deer Grass
(*Muhlenbergia rigens*)

Emerald Carpet Manzanita
(*Arctostaphylos uva-ursi* 'Emerald Carpet')

Purple Leaf Sage
(*Salvia leucophylla* 'Midnight')

Blue Crown Passion Flower
(*Passiflora caerulea*)

Blue Dawn Flower
(*Ipomoea indica*)
