The outdoor space for the daycare use is a Backyard of 430 sq. ft. It has a fence from both neighbors and from Lawrence Exr. The fence is about 6 ft. There is a wooden gate at the walk side. I also provide child safety fences from both Backyard exits and between the shed and the Lawrence Exr fence/walk. In future I'm planning to install a 5 ft fence at the end of the driveway. I'm also planning to hire an additional person to supervise children.
