

Sunnyvale

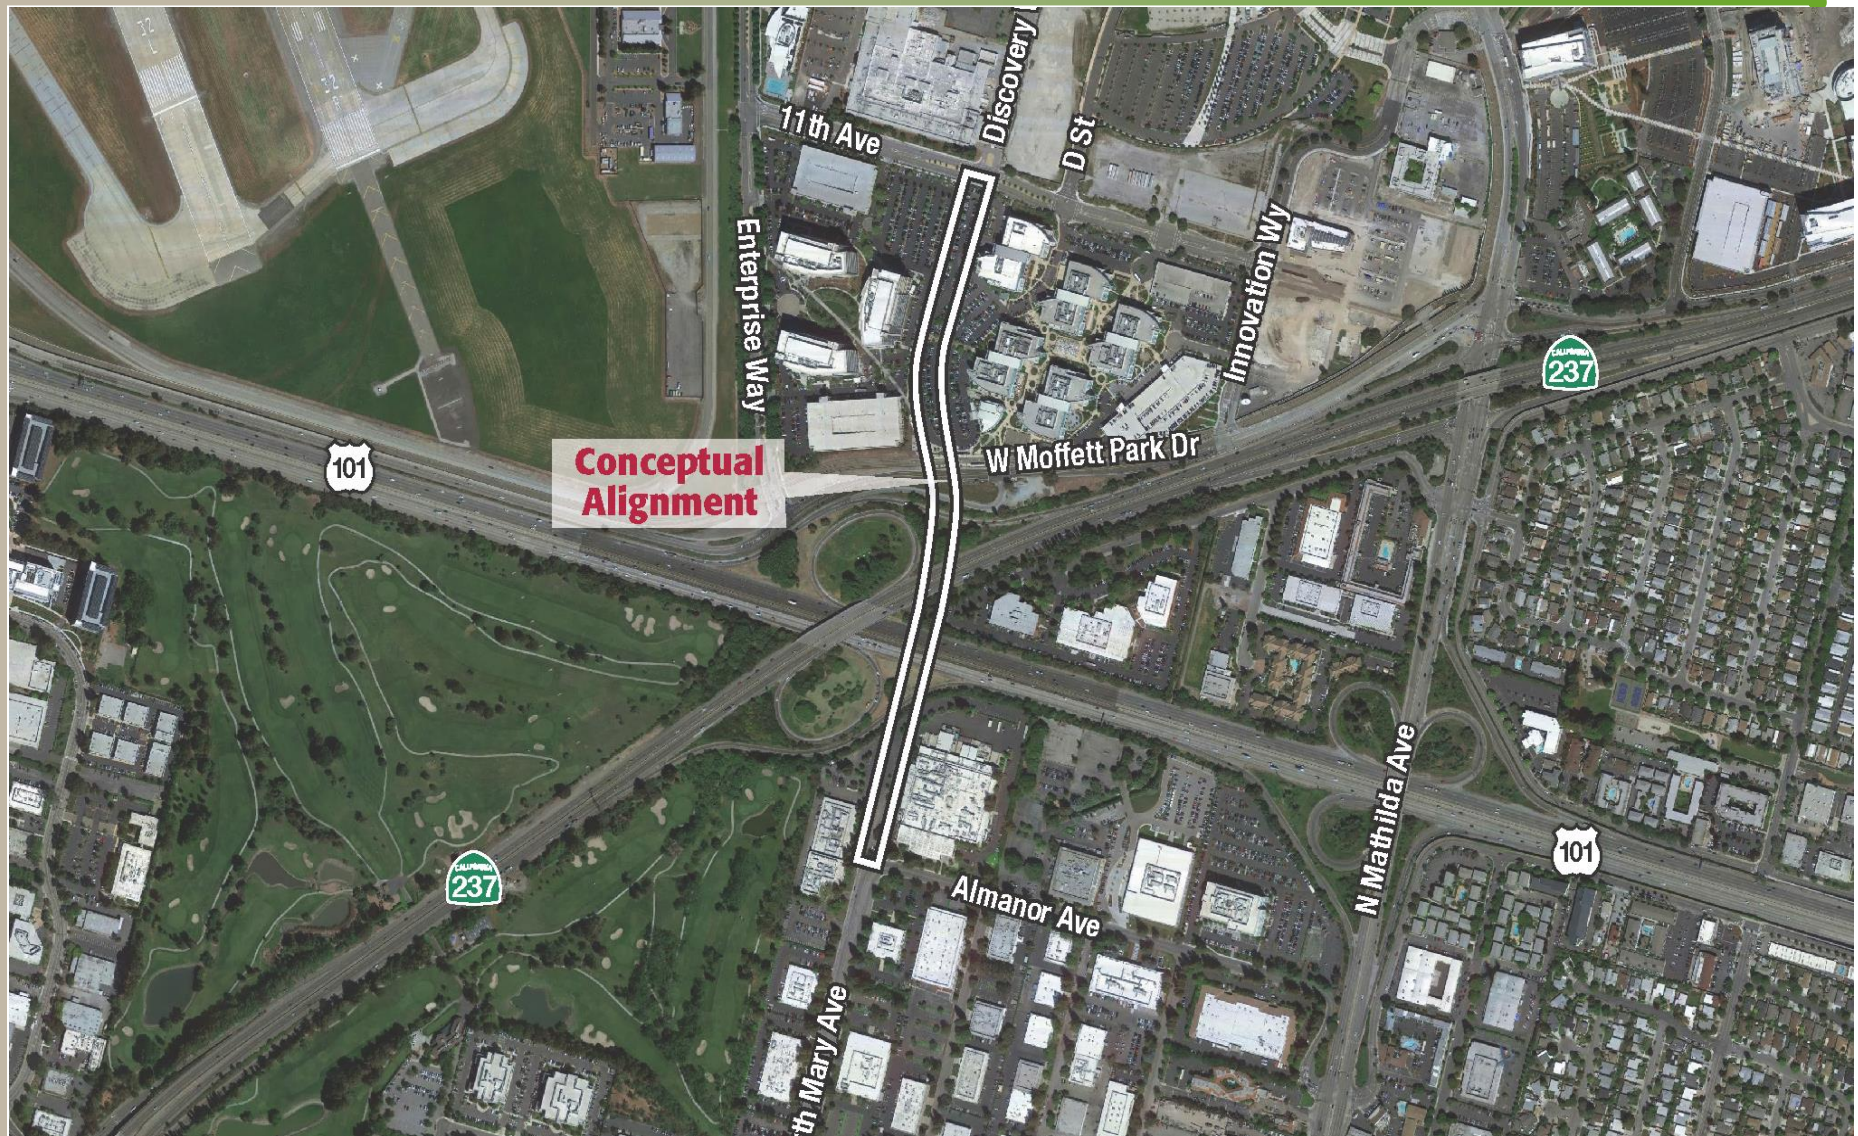

# Mary Avenue Overcrossing Environmental Impact Report (EIR)

Ria Hutabarat Lo  
Transportation Manager  
City Council, February 27, 2018

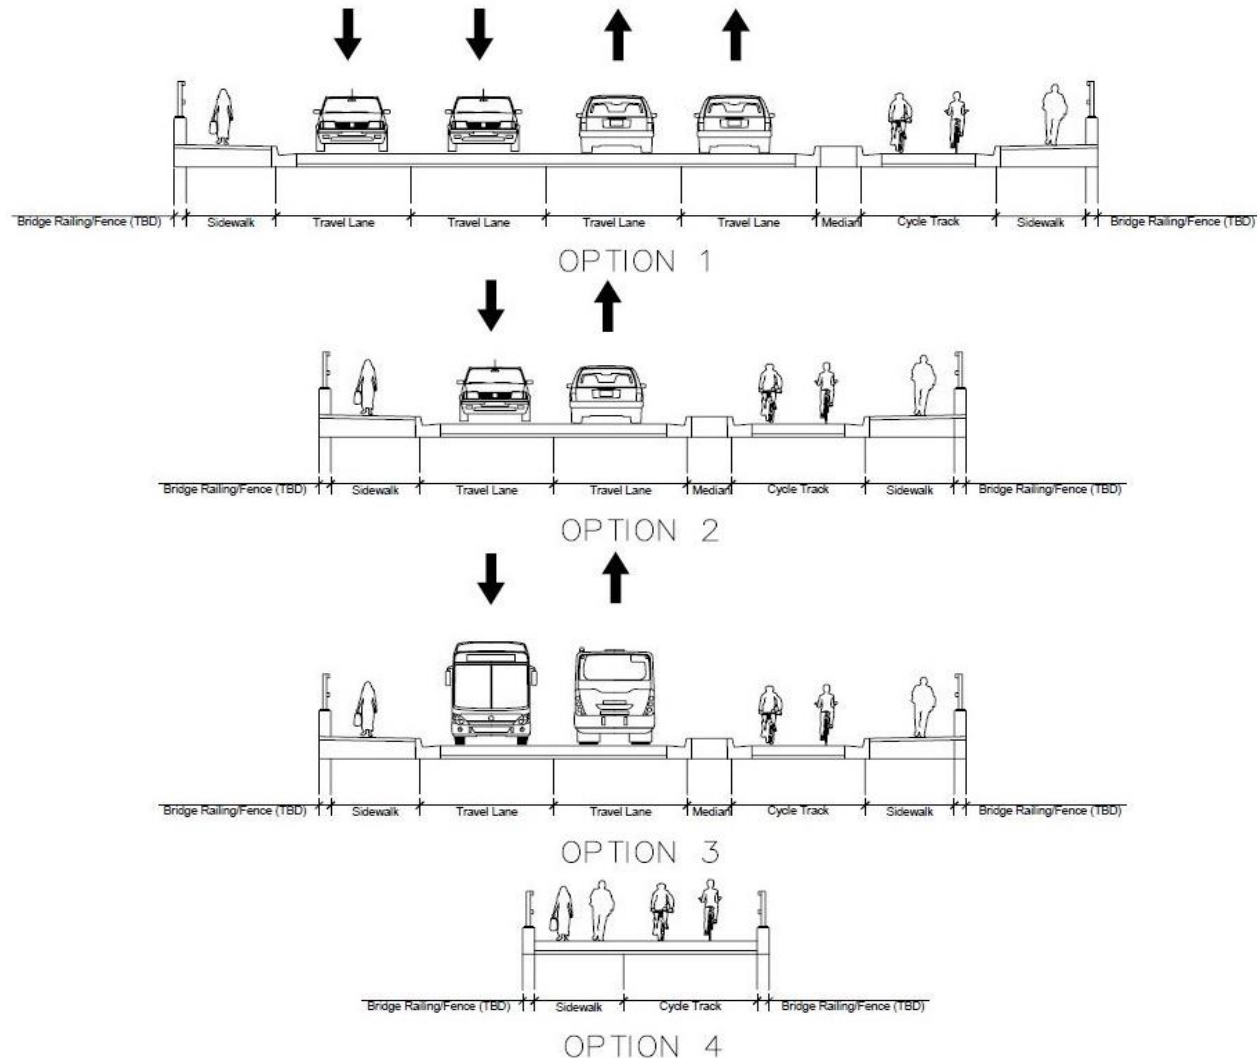

# Mary Avenue Overcrossing

# Project Options

# What has changed?

## Progress on Analyses 11/2017

Ability to assess impacts (CEQA) and compare options (LUTE)

## LUTE Adopted 4/2017

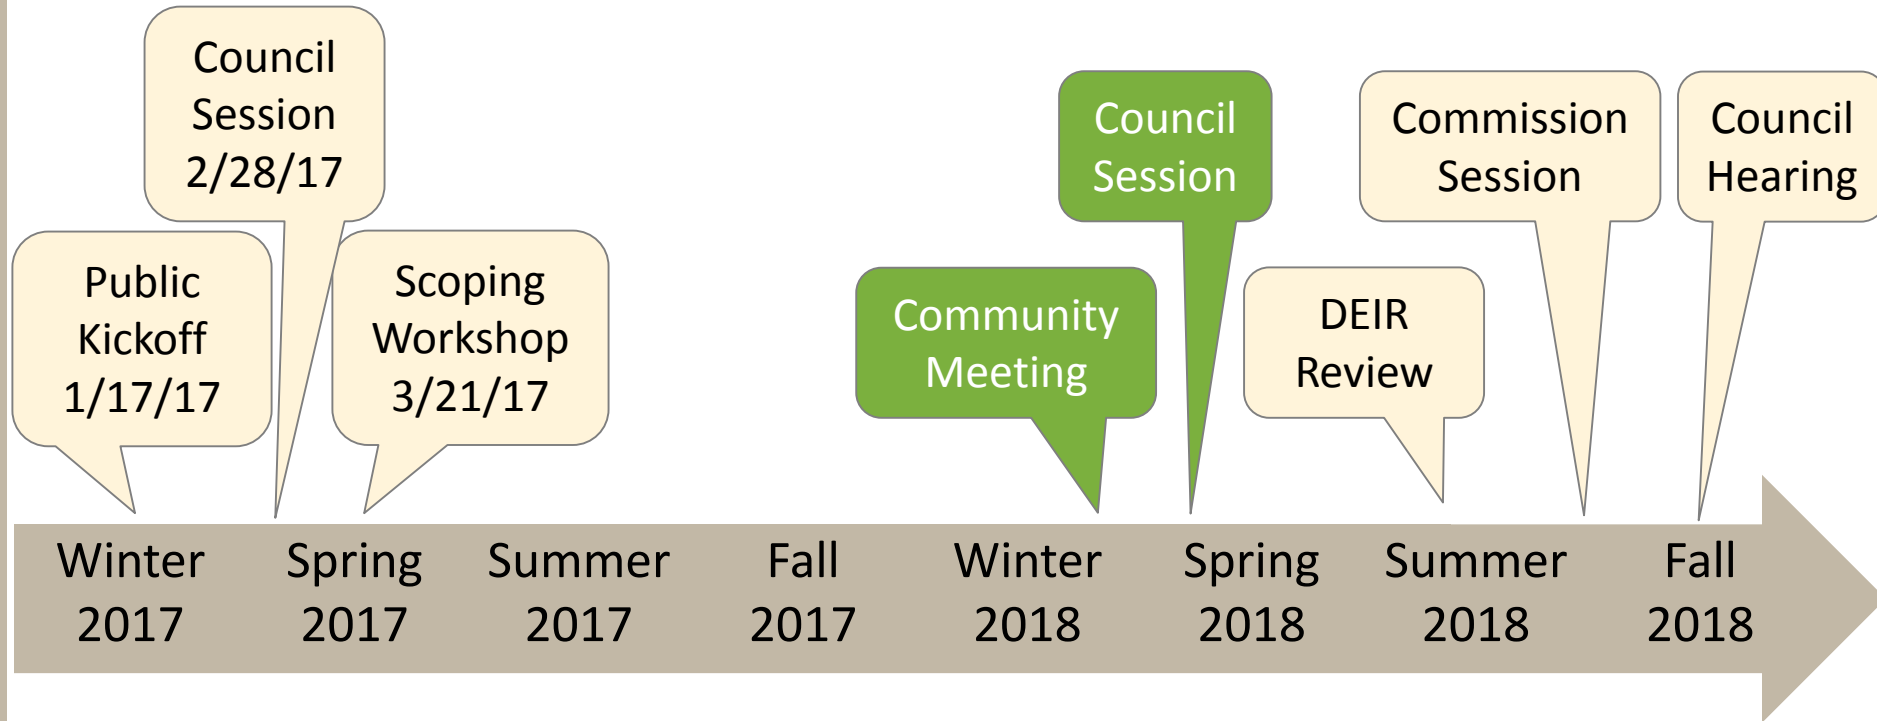

Clarity on policies to guide designation of preferred project

## Case Law 11/2017

Requirement for agencies to select a preferred project for EIR

Need to designate preferred “project” for purposes of EIR

# Updated EIR Process

Technical analyses and concept design refinement	Select preferred project for EIR	Draft EIR	Final EIR
--	----------------------------------	-----------	-----------

# Recommended Next Steps

---

- ★ Contract amendment and budget modification
    - Finalize technical analyses
  - ★ Community and stakeholder outreach
  - ★ Council session to designate preferred alternative for the EIR
  - ★ Reissue Notice of Preparation (NOP)
  - ★ Reformat content
    - Draft EIR and public comment
    - Final EIR
    - Council session to certify EIR
- (Decision on project would be made after all of these steps)

# Staff Recommendation

---

- Authorize City Manager to execute contract amendment to undertake additional work required by CEQA
- Approve increase to contract contingency
- Approve Budget Modification No. 40 for \$47,556

Sunnyvale

Thank you!
