

FY 2017/18 Neighborhood Grant Program (NGP) Grantee Recap

	FY 2017/18 Grant	# of Households Benefitting				
Neighborhood Group <i>Event Name</i>	Requested/ Granted/ Reimbursed	Total in Group/ Anticipated/ Actual	Event Summary	How Event/Project Met the NGP Mission	Neighborhood Group's Overall Satisfaction	Additional Comments
Cherry Chase Neighborhood Association <i>Neighborhood Cultural and Social Improvement</i>	\$1,000/ \$1,000/ \$931.68	3,370/ 40 families/ 200	One Long Table Potluck (OLTP): 3rd annual OLTP dinner, ice cream and activities for kids. Public Safety officers, including a fire engine, and Chief Ngo attended. Also had a Sunnyvale Neighborhoods Actively Prepare (SNAP) table with information about disaster readiness and "Map Your Neighborhood."	Helped build community engagement, developed a sense of pride and ownership and improved the quality of life in the neighborhood. OLTP helps neighbors get to know each other in person. Building relationships within the community is extremely important to create a happier/safer neighborhood.	Extremely pleased with the results. Community is clearly yearning for events that raise awareness of community issues.	"CCNA prides ourselves in having unique ways of celebrating relationships with our neighbors. Some examples, Neighbor of the Year is unique to CCNA, as well as One Long Table Potluck. We also have an awesome website where we keep new/old neighbors informed as well as conversing on Cherry Chase NextDoor. We hope to engage more people to maintain healthy relationships with each other hence more positive dialogue."
		3,370/ 60 families/ 400+	Diwali (The Festival of Lights): A cultural celebration in collaboration with the Cherry Chase Elementary School PTA.	Increased communication and relationship building among neighbors, parents who attend their schools, children who go to school together as well as getting to know different cultures within the community. Diwali continues to be part of their pride and identity.	Continues to set Cherry Chase neighbors apart when all neighbors with children come together as one community.	
Cumberland South Neighborhood Association <i>4th of July Parade and Potluck</i>	\$800/ \$750/ \$673.87	400+/ 200/ ~300	Another highly-attended event. Fire truck was right on time and the parade was a great success. People from all cultures join and they encourage ethnic food so everyone has a taste of the world for lunch. The event is a famous event for the neighborhood.	Increased communication, bridged cultures, and enhanced neighborhood pride and identity.	They love it!	"We really appreciate the grant money as the event would not be nearly as great without it. And even though we always ask for the same event, please know that its grown, and people appreciate it so much and they appreciate the contributions of the City as well. THANK YOU!"
Hazelhead Association <i>Block Party with Little Library Launch</i>	\$1,000/ \$478/ \$315	25/ 30/ 25	The event was their most attended block party of the year resulting in more people attending quarterly meetings and contributing to the newsletter.	Gave them a chance to meet and invite new households into the association.	Feedback ranged from "why have I not come before" to "let's do it again soon." Also felt it was great to see so many children. Group appreciated that the DPS canine unit & fire unit came out.	Had to change the event day at the last minute due to the incredible heat on Labor Day and everyone at the City was able to support the change, including the fire and canine units.

FY 2017/18 Neighborhood Grant Program (NGP) Grantee Recap

	FY 2017/18 Grant	# of Households Benefitting				
Neighborhood Group <i>Event Name</i>	Requested/ Granted/ Reimbursed	Total in Group/ Anticipated/ Actual	Event Summary	How Event/Project Meets the NGP Mission	Neighborhood Group's Overall Satisfaction	Additional Comments
SNAIL Neighborhood Association <i>National Night Out & Little Libraries</i>	\$1,000/ \$1,000/ \$1,000	1,400/ 1,400/ 240+	National Night Out: One of SNAIL's well attended annual events. Event included food, kid's activities, a live band, and DPS fire trucks and patrol motorcycles. Also promoted upcoming Sunnyvale Neighbors Actively Prepare (SNAP) classes. Event attended by Chief Ngo, four Councilmembers, and outgoing City Manager.	Created an avenue for increased communication among neighbors, DPS staff and elected officials. The open dialog helped neighbors feel more connected and comfortable with Sunnyvale Public Safety. Event also enhances the SNAIL neighborhood pride and identity.	Neighbors felt it was one of their most successful events.	
		1,400/ 150/ 66	Little Free Libraries (LFL): 3 LFL's were completed with grant funds: 1) 633 Pine., 2) 738 Georgia Ave., 3) Eaglewood (right in the middle of SNAIL on one of the most traveled routes to school). Neighbors hosted launch parties with special activities, hosted book drives, and installed benches and other types of seating near the LFL's for neighbors to read and talk to each other.	Promoted community involvement, established communication between the City of Sunnyvale and residents in the community, provided a voice to city staff, school personnel, and the community at large concerning the implementation of services, community needs, and events, recruited volunteers and sponsors and generated revenue to help enhance the quality of life in the area.	LFL's are a nice way to give back to the community. Wonderful opportunity to meet new neighbors, new families and encourage and support others with organizing their own LFL project on their block. Neighbors get to see each other more often and get to talk about books and other common interests.	After the launch of the LFL's, SNAIL was approached by a girl scout troop who is interested in creating another LFL for the SNAIL neighborhood to open in June 2018. They plan to install the LFL at 656 San Diego Ave., near Columbia Middle School.
Valley Forge Neighborhood Group <i>Valley Forge Block Party</i>	\$605/ \$450/ \$450	48/ 48/ 77	The block party brought neighbors together and welcomed new residents to the neighborhood. The event offered food, music, games for kids, a Sunnyvale Neighbors Actively Prepare (SNAP) presentation about disaster readiness, and collected canned foods for Sunnyvale Community Services. They also used the event to update their street directory to ensure that all neighbors can communicate with each other.	The event promoted a sense of family and community in the neighborhood and ensured new neighbors felt welcomed. Event brought their diverse neighborhood together as one community.	Received a lot of great compliments on the event and everyone appreciates that it occurs once a year.	"Thank you overall for supporting the Valley Forge Neighborhood event. It's something that everyone get behind and helps bring the neighborhood together."

FY 2017/18 Neighborhood Grant Program (NGP) Grantee Recap
