14	Parky McParkface	Not given (5) It is the best name ever. Keeps with a long tradition of internet sourced names that take the form of "(thing)y Mc(thing)face" (See Boaty McBoatface and Floaty McFloatface) It's an excellent name Kids would love it! Because it's the best name ever. Try saying it without smiling For open and public naming considerations. Just because.	13					1

5	Vale Park	The development is called Vale, so it is tied closely with where it is located. And being an otherwise boring name, is should not upset any one group of people more than any other. It's the name of the residential development adjacent to the park Simple and encompasses the city area.	3		1			1
5	Deguigne Park	Not given (2) Name it for the street it's on. Other parks have been named in other cities for the street it sits on The park is on Deguigne Dr. This name is descriptive of the park's location, which will make it easy for people to find.	3		2

3	Sunny Park	Picture speaks itself.			2			1
2	Libby Park (or Libby's Park)	Because of the city's history with fruit orchards and connection with the Libby's company (and the iconic giant Libby's peaches can statue) Named after the Libby Cannery that used to be here in Sunnyvale. After fruit cocktail canning company.	1		1			
2	Parky McPark Park	It's awesome. It's a park and lets be serious, we can all use a little less seriousness in our serious living spaces. I was slightly disappointed when I moved to Sunnyvale and found out that LinkedIn's headquarters was on Maude avenue and that it wasn't spelled "Mod" for "Modulus", which would have been a solid nerdy name (similar to 1 Hacker Way for Facebook HQ). Parky McPark Park would be an excellent name for this or any park.	2					
2	Jax Park	K9 Jax was killed in the line of duty last year while serving Sunnyvale DPS. It would be fitting to name a park after him to honor his sacrifice. I am voting for JAX for the new park in Sunnyvale. Thank you for the suggestion on the other names, but I think it is great to honor JAX. If he wins it would be nice to have a statue made of him to put somewhere in the park. - Mrs. W.	1			1		
1	The Eyrie	The Eyrie is inside The Vale, so it makes sense: <a href="http://gameofthrones.wikia.com/wiki/The_Eyrie">http://gameofthrones.wikia.com/wiki/The_Eyrie</a>	1

1	Unity in Diversity Park/Diversity Park	At a time when the country is grabbing with many issues including prejudice and inequality we all need to remember that our diversity is a strength not a weakness. Unity isn't just tolerance of people who are different to us, it's understanding that our diversity of race, creed, gender etc. is what enriches humanity. Many different types of flowers make up a beautiful, healthy garden. Sunnyvale is very diverse and at times this causing friction. By naming this park Unity in Diversity Park, I would hope that it serves as a reminder to celebrate our differences and to see them as the spice that makes life interesting and worth living.	1						
1	Lupe Ynigo Park or just Ynigo Park Rancho Ynigo	Based on what I have learned Lupe Yñigo, one of the few Native Americans to hold land grants, was granted (as well as to another family) some part of the Rancho Pastoria de las Borregas land that later developed into the cities of Mountain View and Sunnyvale. His land grant was first called Rancho Posolmi, named in honor of a village of the Ohlone that once stood in the area. Rancho Posolmi was later known as Rancho Ynigo. I though it would be a good idea to call the park with his name, and it also sounds really nice. Ynigo Park :) Thank you! After one of the first native Americans to hold land grants.	1

1	Schooner Park	From Gold Rush to WWI, the sailing, schooner or scow schoner was primary transportation on the bay. It was major to North Cal growth. -For 70 years from the Gold Rush to the end of World War I, the scow schooner, an almost forgotten box-shaped sailing vessel, an elongated box 50 to 70 feet long and 20 to 25 feet wide, carried passengers, supplies, produce, and bulk cargo on the San Francisco Bay, on the rivers, and on tributaries from San Francisco to Sacramento, from Petaluma to Alviso. Scow schooners were the semi-trucks, railroad cars, and freighters of the day. This transportation means was major to Northern California's economic growth by making accessible difficult to reach locations.			1

To these purposes, I think that the park should be named in honor of Army Capt. Humayun Khan. His			1

<b>Reasons Given By the Public for Name Suggestions</b> <b>Loren Wiser Park, Wiser Park, Loren Wiser Memorial Park, Loren Wiser Meadow and L. Wiser Park</b>	
1.	A fantastic former employee of Sunnyvale. Gave so much of himself to the city and more importantly to its citizens.
2.	As a long time, employee in the Parks Department I saw Loren at his best when working with trees. He was an asset to the city, the tree program and to the citizens of Sunnyvale.
3.	Loren Wiser was a long-time arborist for the City, and his dedication to ensuring healthy trees and plants and a beautiful Sunnyvale is worth honoring.
4.	Naming a beautiful park after him couldn't be a more fitting tribute.
5.	His years of dedication to the city, the trees, and people of the city.
6.	Loren was humble and he had a heart for people. Naming a park after a man who loved his family, his church, his community and parks would be a fitting tribute to a man that gave of himself because he loved BIG. Loren would not ask of this for himself would tell us there are so many other people that deserve this honor... Loren Wiser made a difference in the lives of so many people in Sunnyvale
7.	I have worked with Loren for about 22 years before he retired from the City of Sunnyvale. I was here with him when he planted the redwood grove in the down town area. Also he was a big part of the Lakewood Partners program. He was a big part of the City of Sunnyvale becoming Tree City USA. Also he was the person that put us on the map as a tree in every yard. He was a big part of our Street Tree inventory data base. (Tree Keeper).
8.	Loren was a great City Arborist he has not only worked for the city of Sunnyvale but lived and went to school here also. He was a graduate from Sunnyvale High school and San Jose State. This is a gentleman that had great passion for this City and Trees.
9.	Loren was a giant of a man—spiritually as well as physically. I was his pastor for 9 years and he was a wonderful church leader. He wore his kindness and care for other people and for God's creation on his sleeve. I still chuckle when I quote his wisdom about nature: "The world is full of uneven ground!" He is exceedingly deserving of a park named in his honor!
10.	Loren was dedicated to the growth and preservation of the trees in Sunnyvale. He provided a wonderful service to ensure we would always have natural beauty surrounding our community. It is fitting a park would be named in his honor.
11.	He was a fantastic former employee of the city. An ambassador for the city and all it means to live and work here. Gave so much of himself to the city and more importantly to its citizens. Regards, Bill Collins
12.	Whenever talking to Loren Wiser, the conversation would inevitably turn to how beautiful Sunnyvale was and about the current, past and future plans to beautify Sunnyvale through the planting and caring of the trees. Loren was absolutely passionate about Sunnyvale, and he was justifiably proud of his contribution to the quality of life here. He was not just an employee, his quiet temperament and appreciation of nature came from his soul. This particular park is located right down the street from the high school Loren Wiser attended, and as an adult, Loren lived and worked and played here in Sunnyvale, even frequently eating at one of his favorite Mexican restaurants which happens to be located directly across the street from the park. I can't think of a better name for a spacious, beautiful place for the residents of Sunnyvale than the "Loren Wiser Memorial Park".
13.	Loren Wiser was an advocate for trees and parks during his long tenure working for the City of Sunnyvale. He was a lifelong Sunnyvale resident, and this park is across from the high school he attended.

## Exhibit A

14. I worked with former DPW City Arborist, Loren Wiser, for many years. He cared deeply about the City's urban forest and went above and beyond the call of duty on a regular basis. It would be a wonderful tribute to name the park in his memory. Thank you for your consideration.
15. Loren Wiser was an advocate for trees and parks during his long tenure working for the City of Sunnyvale. He was a lifelong Sunnyvale resident, and this park is across from the high school he attended.
16. Loren Wiser was a long-time employee and the City Arborist. He passed away several years ago. Through his hard work and dedication to our City Urban Forest, our City has been recognized as a Tree City USA. This honor has been bestowed on Sunnyvale for the last 27 years. All mostly due to Loren's love for Sunnyvale and trees.
17. Loren Wiser was dedicated to his job and loved caring for trees and other foliage. His knowledge of the trees was outstanding. He could rattle off the name of a tree and facts about them. I've never met a person who was so passionate about what they were doing every day. He was up early in the morning, always looking forward to what he would find that day. I definitely think he is worthy of having a park named in his honor.
18. Loren was a valuable member of the Sunnyvale Parks department for many years. He was a truly amazing man and this would be a very befitting honor.
19. Loren was a good Man and a good friend. I have good memories of Loren and Debi. He deserves the recognition of his dedication.
20. To honor the former city arborist who did so much for Sunnyvale.
21. Loren not only was born and raised in Sunnyvale, he also shared his arboricultural professional talents with the whole community, as the best city arborist Sunnyvale has ever had! He was essential in the implementation of many current Sunnyvale tree standards along with the nationally recognized designation of Tree City USA that currently stands today. He was a community leader for city staff, residents and students in the field of arboriculture.
22. Loren was an active member of the Sunnyvale community. The location is down the street from his high school and across the street from one of his favorite Mexican restaurants. Loren loved his friends, community and church with his time and talents.
23. Loren Wiser dedicated 37 years of his life to our Tree Department, plus he was a great man.
24. I always remember my grandfather working for the for the city and taking care of the city and planting trees. I have many fond memories of Arbor Day and planting trees with my grandfather at the library after story time. My grandfather embodies the city of Sunnyvale and I believe this would be a perfect way to commemorate all the love and hard work he put into the city.
25. I think naming a park after Loren Wiser would be a great thank you for a man who was great to Sunnyvale and its population and the Arborist who made it beautiful. Many do not know that Loren was very progressive in his Arborist studies, and he was a great Santa Claus. His ongoing concern for others made a lot of people of Sunnyvale smile year around. On one trip to see him, I show him my new digital camera with 3 ½ inch floppies that I used in my classroom, and was new on the market. He was so impressed—and said, "Great! Now I could take a picture of the tree and mark the branches to be trimmed and give it to the worker, who would not have as great of chance to cut the wrong branch on the wrong tree." When I saw him about a month later, he had a camera and said he had taken photos of every tree in his jurisdiction and his employees were super pleased to work from the pictures and not the sketches, which left exactness to be desired. He also had some of the other supervisors who would take pictures of problems with trees, to seek an early solution to the problem. It saved

## Exhibit A

time in that trips to field could sometimes be solved in the office with pictures and directions how to solve the problem.
26. I believe that naming a park after Loren Wiser would be a long-lasting memorial to this man who made Sunnyvale beautiful.
27. I first met Loren when I went to my then boyfriend's family Thanksgiving. Well, I married that boy and had many years of laughter and fun with Loren and Debbie, his wife. Loren would show us with pride his work in the Sunnyvale City greenery and his own back yard. His knowledge of the plants of the area, and his green thumb made visiting an experience in gardening and a love for nature. I don't think I ever see Mother Nature at work that I don't think of Loren, and I never think of Loren without a smile coming to my face and his sunshine warming me. I have seen him give back to the community also as a Santa, playing a part in The Last Summer, and other civic events.
28. A beautiful park named after Loren Wiser would be a truly earned honor. If you knew Loren, you knew true love, sunshine, and nature's beauty.
29. I believe his big heart touch more people than we will ever know, and for this reason, I think it would be great to name a Park after him so that his sunshine will shine for many years, and the people of Sunnyvale will always be able to enjoy Loren's love of nature.
30. Loren was surrounded by garden beauty his whole life. His Father did gardening work in Sunnyvale for many years and Loren worked to beautify his community.
31. He was a well-respected arborist, employee, a loved father, grandfather, and husband. He was kind, caring, and an inspirational figure.
32. Loren worked for 37 years in trees. He was a real arborist who worked constantly.
33. I have heard many great things about him. Also, for so many people to be motivated to put a park in his name is reason enough.
34. He was a great man and he worked 37 years for the City of Sunnyvale.
35. He was a City Arborist for 37 years and lived in Sunnyvale his whole life. Gave back to the community and went above and beyond in public services.

41. Long time city arborist who had dramatic impact on the beauty of our city.
42. Long time city arborist who passed 10 years ago - reason we are Tree City USA
43. Devoted employee/worker
44. Good teacher/leader
45. Good friend, kind
46. Very active in the community
47. Hard worker
48. He would give you the shirt off his back.
49. He would take the time to show you how to do anything.

50. Loren contributed his time and talents to the trees and canopy of city and to all the employees as a leader.
51. Loren Wiser dedicated 37 years of his life to our Tree Department, plus he was a great man.

55. He always took the time to show you the best and safest way to do anything.
56. Loren was a kind and. "Big Heart".
57. I have known Loren all my life, he was really my older brother is how it felt to me. He was actually my cousin, but to me he was my brother. We did have a long and exciting life with our family. All my life Loren would show me the beauty of nature, and he had a green thumb like his dad, and many in the Wiser family. Our Great Uncle developed a strain of peaches named the Wiser Peach. So, I guess our love of nature and ability and want to make the Earth beautiful is in the family. Following Loren's lead, I also took horticulture classes at college. His work making Sunnyvale City Beauty showed his great understanding of plants and trees. When I visit his family in Sunnyvale that I always think of how many hours he spent making Sunnyvale beautiful. Loren also loved to be around all kinds of nature and people who were part of nature. One of his enjoyments in life was going to the lumberman competitions annually. He enjoyed the competition and the camaraderie of outdoorsmen. He held the 1st championship for log cutting with a one man saw for many years. His being there gave many people a chance to feel his love of nature and his love of helping people. He never failed to help someone, both old and young, to better appreciate nature and all its beauty. Loren also assisted in many classes to teach others to improve our environment. I feel naming a park after Loren would be an inspiration to all who knew him, and would encourage the present and future to enjoy the Earth's beauty and care for it.

Reasons Given By the Public for Name Suggestion Jeanine Stanek Park

I've known Jeanine for years and know she has a great passion for Park and Recreation, Volunteering and supporting the community. 7.	Jeanine Stanek was the chief archivist of the Sunnyvale Historical Society; she passed away last year. She was by all accounts a truly impressive person (sadly, I did not have the pleasure of knowing her), and I think she would be an excellent person for our city to honor. Laura Babcock wrote a lovely memorial for her here: <a href="http://heritageparkmuseum.org/blog/jeaninestanek">http://heritageparkmuseum.org/blog/jeaninestanek</a>
8.	My aunt was Jeanine Stanek and I would like to cast a vote to her name to chose for the park name. She lived in Sunnyvale for over 30 years and dedicated so much of her time and attention to the community around her. She loved the people, the history and the spirit of Sunnyvale. It would be fantastic if the community remembered her back in this very special way!
9.	As a longtime Sunnyvale resident, head archivist for the Sunnyvale Historical Society, and (at least) one time Sunnyvale Citizen of the Year, I think this is a terrific way to honor the memory of her and her contributions and long service to the city of Sunnyvale.
10.	She was the chief archivist for the city for many years, thus contributing in a large way to the city's knowledge of its history. My name is Susan Tuttle. I live in London, UK, so I'm not sure if my vote will count. Please count it if you can.
11.	My aunt was Jeanine Stanek and I would like to cast a vote to her name to chose for the park name. She lived in Sunnyvale for over 30 years and dedicated so much of her time and attention to the community around her. She loved the people, the history and the spirit of Sunnyvale. It would be fantastic if the community remembered her back in this very special way! Thank you for your time and attention. Sorry if it's not okay if a non-resident votes. I had to try, as I really hope it comes to fruition.

## Exhibit C

<b>Reasons Given By the Public for Name Suggestions</b> <b>Dick Milkovich Park, Richard Milkovich Park and Milkovich Park</b>	
1.	Richard "Dick" Milkovich was Parks & Recreation Director circa 1957-1971. During his time there most of the Sunnyvale parks and golf courses were designed and built. He accepted two National Landscape Awards for the City in the 1960's for excellence in park landscape design from both First Lady Lady Bird Johnson and then again from First Lady Pat Nixon. Dick believed every neighborhood deserved a park within walking distance. He loved sports, the redwoods, and water features. As a resident of Sunnyvale for many years, I met so many folks from other cities, states, and countries that remarked on how impressed they were by the Sunnyvale park system. The parks have withstood the test of time and brought so much joy to so many over the years. Why not recognize the man that had the vision and was in the right place at the right time to develop such a legacy for the City of Sunnyvale. Thank You.
2.	Dick Milkovich, the Sunnyvale Parks Director in the 60's and 70's, did more for the Sunnyvale city parks and should be recognized for his efforts posthumously. He had the vision to have a city park in every square mile of the city. He is responsible for the themed parks, Serra, Raynor, De Anza, etc., Sunken Gardens Golf Course and the Sunnyvale Municipal Golf Course. He received awards from two First Ladies of the United States, Lady Bird Johnson and Pat Nixon, in Washington D.C. for his efforts. In addition, Sunset magazine also recognized Sunnyvale, for the quality of their parks and the vision. The Sunnyvale Historical Society writes about him in a book by Ben Koning and Anneke Metz.
3.	I grew up in Sunnyvale and visited every park we could find. Serra Park was my favorite. We were fortunate to live near Dick Milkovich who worked for Sunnyvale's Parks and Rec in the 1960s/1970s. He was responsible for many of the city parks' innovative themes and designs. I remember seeing a photo in their home with Mr. Milkovich being presented an award by the U. S. President for his/Sunnyvale's parks. I'd have to ask Richard Milkovich, his son, which president was in the photo. A Sunnyvale park named in honor of Dick Milkovich would be a fantastic way to acknowledge all the great parks in the city. If the name Milkovich doesn't fit as the park name, a memorial plaque or a dedication would be fantastic. Thank you for your consideration.
4.	Having grown up in Sunnyvale in the 1960s and 1970s, I enjoyed all the parks in Sunnyvale with my family and friends. Mr. Richard Milkovich Sr, was instrumental in developing the Sunnyvale parks with their own theme and characteristics - and each of the parks were created to represent these fun and cool themes in its design. A novel idea... and one that truly represents the talents of this remarkable man. The Sunnyvale parks have been recognized because of this extraordinary man! And Sunnyvale should recognize Mr. Milkovich for what he gave to Sunnyvale back in the day!
5.	I am recommending Richard Milkovich. He planned the original parks in Sunnyvale. He was very creative in his designs. All the parks had different themes that made them unique. All were fun.
6.	I grew up in Sunnyvale in the 1960-1970's. My family would go to the different parks to play and to experience them all. We enjoyed them all. We went on weekends and throughout the summer. We stayed cool playing in the water features. That was a highlight. I brought my children to play at those parks and told them stories of the parks when I was a girl. It seems to me that Richard Milkovich was a pioneer of park designs and should be given this honor. Thank you for your consideration.
7.	He was recreation director back in the 50s and 60s, and was a key figure in making Sunnyvale's early signature parks come to life.
