CALL FOR ARTISTS

Public Art - Request for Qualifications (RFQ)

Washington Community Swim Center

Deadline for Submissions: Oct. 14, 2019

Call for Artists

Under the City of Sunnyvale's Art in Public Places program, the Washington Community Swim Center project is required to include public art. The City of Sunnyvale seeks to commission an artist, or team of artists, to design and execute an original work of art(s) for the exterior of the swim center building and/or the surrounding grounds.

Sunnyvale Overview

The City of Sunnyvale is in the heart of Silicon Valley in Northern California. Twenty-four square miles, Sunnyvale is the second largest city in Santa Clara County and the seventh largest city in the San Francisco Bay Area. The City has a population of 155,567 and daytime workforce of 118,500 people. Almost 8,000 local businesses provide a rich mixture of goods and services, including many icons in tech, manufacturing, retail and R&D and some of the nation's most successful business and industrial leaders are headquartered in Sunnyvale, including LinkedIn, Yahoo!, AMD, NetApp, Nokia, 23andMe, Juniper Networks, National Semiconductor and Lockheed Martin.

Sunnyvale is also known for its innovative Public Safety Department concept, business-friendly environment, quiet family neighborhoods, cultural arts programming, historical shopping district, year-round farmer's market and full-service library. The City's park system includes 772 acres of parks and open space located in neighborhoods throughout the City and includes facilities for recreation, golf, tennis and swimming. Each park has been created with a theme in mind to stimulate creative interaction and play for park users and to distinguish the various neighborhoods from each other. Current park themes include prehistoric, Polynesian, Japanese gardens and island adventure.

Site and Project Description

Washington Park, located at 840 W. Washington Ave., is a 12-acre park (Attachment 1). Built in 1945, the park incorporates an "island adventure" theme and includes picnic areas, a playground, horseshoe pits, tennis courts, baseball fields, a park building and a pool with locker rooms.

The approved Washington Community Swim Center project will replace the existing pool and pool buildings with a new swim center located at the southeast corner of the park (McKinley Ave. at Washington Ave.). The new center will include a pool with a zero-depth entry and space for lessons, lap swim and an adjacent splash pad with interactive amenities. A new locker room building with a large community room will also be integrated.

Project Budget

Project Budget	\$135,000
Semi-finalist Design Honorarium (2-5 artists)	\$1,000 per artist

The project budget is all-inclusive of project costs, including artist's fees and expenses, taxes, materials, permit fees, travel, shipping and crating, insurance fees, site preparation, fabrication/installation or execution of the artwork.

Artwork Location

Project staff has identified several possible locations for public art. Artists may choose a single location, or multiple locations, and should indicate in their application which location(s) they are proposing to place their artwork (Attachment 2 – Site Plan).

- A. Exterior wall, main entry:** Directly adjacent to the main entry to the swim center is a 19-foot-high wall. The wall is divided into three vertical panels: two 5-foot-wide

panels on either side of 5-foot-wide panels of glass. The wall could accommodate two-dimensional works of art or original glass pieces.

- B. Planting Areas:** There are several areas designated for planting that can be considered for free-standing sculpture or other type of art.
- C. Entry Plaza paving:** The entry plaza area will include colored concrete paving. This area can be considered for a different paving approach.
- D. Fences:** The tubular metal fences surrounding the pool and splash pad areas can be considered for public art. It should be noted that art work in these areas will need to withstand splashing and spraying of chlorinated water:
 - Pastoria Ave. fence: 115-foot-long by 8-foot high
 - McKinley Ave. fence (adjacent to parking lot): 85-foot-long by 8-foot high
 - Park fence (adjacent to park): 140-foot-long by 8-foot high

Artist Responsibilities

The selected artist or artistic team will be expected to work with City staff to develop the specific parameters of the public art component, as well as implement all aspects of the project. These specifics will include:

- Developing the final design proposal
- Leading a community project associated with the final design
- Selecting appropriate artistic materials for the design
- Developing a final project timeline

- Abiding by all requirements of the artist's contract with the City

The selected artist or artistic team will be expected to reference the park's *island adventure* theme in their artistic design. The final proposal will also need to be appropriate for all ages of the community, align with the City's vision of inclusion and diversity, and represent the City's brand: *Bold, Sustainable Innovation*.

Selection Process

A five- to nine-person selection panel will review the submitted applications. The panel will evaluate applications on the following criteria:

- Originality of artistic style
- Type of artwork proposed
- Ability of the artwork to withstand outdoor conditions
- Maintenance requirements
- Artist's experience with public art commissions and working within the public process
- Artist's experience with art projects of a similar size and scope
- Alignment with the City's vision of diversity and inclusion, innovation and sustainability

The selection panel will consist of representatives from the City's Department of Public Works, Department of Library and Community Services, project designers, representatives of the Fair Oaks and Washington Park neighborhoods, and artists/arts professionals.

A short list of up to five artists will be created by the selection panel and these artists will be asked to develop a design proposal. A design stipend of \$1,000 will be paid to each of the short-listed artists upon completion of their design proposal. Short listed artists are strongly encouraged to visit the park site prior to submitting a final design, however, any travel costs associated with the visit will be the sole responsibility of the artist.

The final design proposals will be presented to the City's Arts Commission for review. The commission will be asked to rank the design proposals, and the results of the rankings will be presented to the City Council for final selection of the public art design/artist.
