LOON LAKE

Thin Veneer

Loon Lake is unique to Glacier Stone and comes in a wide array of colors including blues, greens, bronze, browns, tans and slate grays with subtle sedimentary striations.

Our stone is a beautiful product of nature. Since no two stones are ever alike, colors will vary slightly. Photo swatches may or may not accurately represent the actual stone due to reproduction processes.

Ad feedback

The garage door is a wooden Garage door with Wrought Iron inserts on the top. Custom designed bu Monarch Custom Doors. Wrought iron doors and window frames are made from heavy 12 gauge wrought iron. 12 gauge wrought iron is .1046 inches thick, and weighs 4.267 lbs. Because of this, a 12 gauge wrought iron door is much stronger and is much less susceptible to damage, or the effects of weather.

See wood and wrought iron items at www.monarchcustomdoors.com

Charcoal
(available in 6x9 only)

To reproduce the look and feel of natural stone, Antiqued Cobble paving stones go through a special process to give them an aged appearance that produces random scratches, broken corners and chipped surfaces.

ULTIMATE CASEMENT & REPLACEMENT CASEMENT

WINDOWS SO VERSATILE, THEY DEFY CONVENTION

The Ultimate Casement and Ultimate Replacement Casement Windows are the most versatile and innovative casement windows ever produced. Featuring concealed multi-point locks, a patented wash-mode and durable hardware that operates smoothly even at the largest sizes.

ULTIMATE CASEMENT

A recessed sash for a traditional look, plus a full jamb offers design flexibility for new construction or full frame replacement.

ULTIMATE REPLACEMENT CASEMENT

A flush sash to the exterior and narrow jamb depth make this window an easy choice for frame-in-frame replacement.

ULTIMATE CASEMENT
4 9/16" FULL JAMB

ULTIMATE REPLACEMENT CASEMENT
2 3/16" NARROW JAMB

JAMBS & PROFILES

The Ultimate Casement has a recessed sash for a traditional or historic look. The Ultimate Replacement Casement has a flush-to-frame sash.

ULTIMATE GLIDER

EASY LIVING HAS NEVER BEEN EASIER

The clean look, contemporary styling of Marvin® Glider Windows is complemented by innovative performance features and beautiful design options. The comfortable ergonomics make the windows effortless to operate. The clean lines complement any room and any décor. But the real beauty is the easy, one-handed locking system, which enables smooth, effortless operation.

INTERIOR

EXTERIOR

EASE OF OPERATION

The Marvin exclusive, automatic locking system features an easy-to-use hide-away handle that blends seamlessly into the sash. With one hand, you can unlock and open the window. Close the window just as easily and automatically lock with a concealed two-point lock.

CLAD COLORS

DISCOVER A WIDE VARIETY OF BEAUTIFUL OPTIONS

Deep, rich and lasting are words that describe the difference of Marvin® color. From subtle earth tones to bold, attention-grabbing hues, to brilliant pearlescent tones, our cladding stands out as much for its beauty as it does for its legendary durability.

Marvin's low-maintenance, clad-wood products feature an extruded aluminum exterior, finished in commercial-grade paint for superior resistance to fading and chalking. Finish strong with long-lasting color, backed by a 20-year warranty.*

20 YEAR
WARRANTY

AAMA 2605: THE HIGHEST INDUSTRY STANDARD

Not all AAMA 2605 finishes are created equal. The industry standard now allows the 2605 rating for roll-form (coil) aluminum. But there's a difference. Our substantially stronger, impact resistant extruded aluminum material – standard on all our cladding components – is about the thickness of a quarter. Roll-form aluminum, used by some window manufacturers for components, is almost as thin as a soda can.

* Some colors may not qualify for the 20-year warranty. For details contact your local dealer. For a copy of the warranty, see MarvinWindows.com.

Note: Printed color may not be an accurate representation. Ask your local Marvin retailer for color chips.
