Planning Commission

Re: #092721 Building B Mathilda

I can't make the Zoom meeting but I strongly support the above project on Mathilda between Washington and McKinley. A very nice building to complement the revival of the downtown business district. A development project like this is makes since from an economic and community perspective.

Thanks,

Dr. Gary Gold

Re: #092721 Building B Mathilda

To the Sunnyvale Planning Commission,

I strongly support the project on Mathilda between Washington and McKinley and believe this will be good for business in downtown Sunnyvale.

Thanks,

Leigh Odum

City of Sunnyvale
Planning Commission
Sunnyvale, Ca 94086
To: Honorable Mayor and City Council
Subject: SDA's support for the

As a Business Owner, Board Member, and Treasure with the Sunnyvale Downtown Association. I wanted to say I support the Downtown new office building proposed to be built on Mathilda Avenue between Washington and McKinley. We appreciate the developers working to support the entire Sunnyvale downtown and working with the SDA. Promotes Innovating Community Design and Input – solicited input from the community during dozens of outreach events on Building Architecture and Site Elements. Also, have an extensive Public Art component adding to the character of the downtown. Innovation in Environmental Design – The Office project will be built to LEED Gold standards. Provide for Mix of Uses – All types of uses are included in the 2nd phase of CityLine, including residential, office, retail, public, and green spaces.

Sincerely,
Katie Voong
