Director of Community Development Trudi Ryan provided the staff report. Housing Officer Suzanne Ise and City Attorney John Nagel provided additional information.

Applicant Dick Oliver, East Duane Investors, provided information regarding the history of the property and their awareness and sensitivity for and assistance with relocation of mobile home residents.

Josh Vrotsos, on behalf of East Duane Investors, spoke regarding their collaborative process to meet and exceed the requirements to prepare the Conversion Impact Report (CIR) for the park closure.

Public Hearing opened at 8:07 p.m.

Lin Jing spoke regarding the inaccuracy of information she received before she bought her home in the park, the possibility that she could lose one of her jobs if she relocates, the high cost of rent in Sunnyvale, and the need for adequate compensation to allow her to remain in Sunnyvale.

Vince Swerkes spoke regarding the appraisal process and stated it is inadequate.

Armando Nova stated he and his family do not want to leave Sunnyvale but his salary would not be enough to relocate within Sunnyvale.

Delia Ayala stated that leaving the area would impact her children who would have to leave their school, she would not be able to keep her job, and her family lives in the area. Ayala stated the money that is being offered for their mobile home is not enough to relocate in Sunnyvale.

Alfonso Gonzalez stated he has lived at the park for 23 years, is disabled and takes care of his disabled mother, and the compensation that is being offered is not enough to relocate in Sunnyvale. Gonzalez stated he is going to have to move away from his family, friends, support network and health care providers.

Lizbeth Nava stated it would be very difficult for her family to move from Sunnyvale.

Kimberly Ayala spoke regarding the impacts to her life and family to have to move and stated her family would not be able afford to relocate in Sunnyvale with the amount being offered.

Will Constantine, Attorney for the Residents Association, spoke regarding the documentation he has previously submitted and re-submitted a document originally submitted in November 2016. Constantine stated that the CIR is not meeting the affordable housing standard required by the Housing Element and that it does not show that its benefits are going to enable to homeowners to obtain adequate housing in other mobile home parks. Constantine stated the CIR is generous in some ways but not meeting the State standard.

Maria Hamilton stated the \$100,000 for relocation costs is insufficient and spoke regarding alternative benefits.

John Cordes, Bicycle and Pedestrian Advisory Commission member speaking for himself, spoke in support of the study issue regarding looking at updating and changing the conversion impact requirements in 2017 and urged Council to approve the CIR with modifications to delay the closing of the park until the 2017 Affordable Housing Study is complete. Cordes stated there are alternatives to closing the park such as the owner selling it to someone else who wants to continue to run it as a park or the City could acquire it via eminent domain.

Mike Serrone spoke regarding the need for more affordable housing in Sunnyvale and stated compensation is not nearly enough to relocate. Serrone recommended more time be given to help to minimize disruption to families.

Mary Lou Clark, President of the Blue Bonnet Mobile Home Park, stated she doesn't feel that she has been treated in a respectful way and feels disenfranchised. Clark stated the three to one ratio of income required to get into other mobile home parks cannot be met by anyone in the park, and stated the appraisals did not reflect that this is one of the most expensive and desirable places to live in the country.

Nga Freeman spoke regarding the impact of the parking closing on her children who attend local schools and stated her salary is not high enough to buy a low-income housing unit. Freeman submitted written materials.

Marian Sofaer spoke in support of Mrs. Freeman and suggested alternatives for accommodating families at Blue Bonnet.

Lai Khuu, resident of Blue Bonnet for 16 years, stated the appraisal value for his 2-bedroom unit is very low; he has medical problems and would like to stay in Sunnyvale. Khuu requested the appraisal be reviewed.

Mrs. Nguyen stated her children attend school in Sunnyvale and she does not know what they will do if they have to move. Nguyen stated they have been trying to find low-income housing but have not been successful and stated the appraisal was very low and requested re-appraisal.

Natalie Swerkes, real estate broker and property manager, spoke regarding the poor condition of mobile home parks her family has toured outside of Sunnyvale. Swerkes stated many of the BMR housing units are trilevel units with stairs and some of the residents of Blue Bonnet are disabled. Swerkes stated there needs to be a greater monetary compensation provided or more time allotted to locate new homes.

Julie Murray stated she has lived in Blue Bonnet for 14 years, and will need another \$100,000 beyond what she will get for her mobile home. Murray stated she doesn't want to leave Sunnyvale.

Margaret Nanda, attorney for the applicant and preparer of the Conversion Impact Report, provided information regarding the ordinance requirement for the mobile home appraisals and alternatives available to residents, and stated every effort has been made to meet the requirements of the ordinance. Nanda stated that Blue Bonnet is an older mobile home park and that the mobile homes are depreciating assets on land owned by someone else, and they have no intrinsic value.

Public Hearing closed at 9:07 p.m.

David Richman, Autotemp, Inc., provided a summary of the relocation process and responded to questions. Debbie Martinez, Autotemp, Inc., provided additional information.

MOTION: Councilmember Klein moved and Vice Mayor Larsson seconded the motion to approve Alternative 1: Find that preparation, noticing, and distribution of the Conversion Impact Report has been done in compliance with Sunnyvale Municipal Code Chapter 19.72, that the Conversion Impact Report includes adequate information and options, and that it takes adequate measures to address the adverse social and economic impacts on displaced residents and mobile home owners of a mobile home park conversion; and approve the Conversion Impact Report as provided in Attachments 2 and 13 in the report.
