 Board Member Isaak
 Board Member Jain

No: 0

STANDING ITEM: CONSIDERATION OF POTENTIAL STUDY ISSUES

NON-AGENDA ITEMS & COMMENTS

-Board Member Comments

None.

-Staff Comments

Superintendent of Libraries, Steve Sloan, provided an overview of how library services have been adapted during the pandemic, and how the library continues to

change to better serve the needs of the community. He discussed the expansion of virtual services during the Shelter in Place order, including new virtual programs, reading recommendation services, and the increase in digital content made available through eBooks and other streaming and downloadable services. By June 2020, the library restarted “in-person” services from an outdoor service point. Called “Sidewalk Service”, patrons could pick up holds, make library cards, and receive limited staff assistance. In the same month, the library launched a new online catalog, a new chat service, expanded its Wifi hotspot collection, and launched a new Chromebook lending service. Staff also assisted with cooling center operations, volunteered for contact tracing, and helped deliver groceries to seniors. Coming in August, the Library is getting ready for a change in service model and service hours to better serve the public. This change will take effect the week of August 17. The Library expects to launch a new iOS mobile app in August.

Superintendent Sloan then discussed the revised Board work plan. He concluded the staff report by providing the Board with an update on the Lakewood Library Branch design development. The next community outreach event for the branch library is scheduled for Wednesday, August 26 between 5 and 7:30 pm.
