STANDING ITEM: CONSIDERATION OF POTENTIAL STUDY ISSUES

Feasibility of Converting the PG&E Land Near Greenwood
Manor Park into a Dog Park

Jim Stark informed the Commission that Council approved the donation for the East Channel Trail Study (RTC 22-0542). Bicyclist and Pedestrian Advisory Commission's study is a 5.78-mile Class I shared-use path trail between the Bay Trail and Homestead Road, and would include the trail near Ortega Park referenced in the Parks and Recreation Commission's proposed study issue. The East Channel Trail Study is required to evaluate the existing conditions, identifying design constraints, determine trail alignment(s), and evaluate alternatives at the crossings and at currently unplanned bike boulevard segments. Jim noted that BPAC's study issue will include extensive outreach and more than likely make rounds through the PRC and Sustainability Commission.

After group discussion, Chair Giri withdrew the study issue.
